The program is to carry out water conservation activities in cooperation with Reclamation contractors which include but are not limited to: development of water conservation plans, technical assistance, demonstration projects, grants, cooperative agreements, partnerships and irrigation efficiency improvements. These activities are necessary to achieve Reclamation goals and fulfill requirements under Reclamation Law. The program identifies directives (criteria) and provides assistance for management, research and technological improvements in urban and agricultural water conservation.

Explanation Change from PFY:

Funds needs unchanged.

Impact(s) if Unfunded:

Reduced assistance to Reclamation contractors in meeting the requirements of Reclamation Law including assistance in the development of the Water conservation Field Service Program and water conservation activities under the RRA and the CVPIA.

Activity Authorization:

Section 210 of the RRA of 1982 & the Central Valley Improvement Act (PL 102-575, Title 34) of 1992. Memorandum signed 5/3/96, Eluid L. SCCAO staff administer the NEPA process and provide professional assistance in agriculture, biology, chemistry, geology, hydrology, and other natural sciences to facilitate Division activities.

Explanation Change from PFY:

Impact(s) if Unfunded:

Without the proposed funding, activities by Reclamation and the water users will not be adequately reviewed to ensure compliance with environmental policy and law, thus compromising public safety, potentially harming listed species and habitat, and improperly managing water and related resources in the public interest.

Activity Authorization:

San Felipe Authorization (Public Law 90-72); Reclamation Projects Authorization and Adjustment Act of 1992 (Public Law 102-575); Reclamation Reform Act ((Public Law 97-293); Archeological Resources Protection Act of 1979 (Public Law 96-45); Archeological & Historic Preservation Act of 1974 (Public Law 93-291); Clean Water Act (33 U.S.C. 1251 et seq.); Endangered Species Act of 1973 (P.L. 93-205); Fish & Wildlife Coordination Act of 1958 (P.L. 85-624); National Historic Preservation Act of 1966 (P.L. 89-655, P.L. 95-515); Rivers and Harbors Act of 1899 (33 U.S.C 401-413), Safe Drinking Water Act of 1974 (P.L. 92-523, amended 1986). Activity Name:	Water Marketing And Contracting	Activity ID:	981
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	Yes
Description of Activity:		Fund:	A1H

SCCAO staff work directly with Central Valley Project (CVP) contractors, the San Luis & Delta-Mendota Water Authority, the CA Department of Water Resources and other interested parties to monitor the use and distribution of Project water for beneficial use by farmers, urban areas, and wetland habitat areas. Staff provide a variety of technical services to support the operation of the CVP's San Felipe Unit to assist with modifying, replacing, or repairing features; possible operational adjustments of existing features to increase beneficial purpose; account for water delivery quantities and payments for various water types; collection of charges from contractors for the CVPIA Restoration fund; irrigation suitability land classification; approving boundary changes; processing water delivery schedules and requests for transfers or exchanges among contractors, administration, management, enforcement and negotiation of water service contracts, repayment and temporary contracts and related actions. Activities are required to ensure compliance with Reclamation laws, policies, guidelines, contract provisions and obligations, and environmental requirements.

Explanation Change from PFY:

Long-term Contract renewals are anticipated to be completed. All contracts will be executed. More emphasis will be placed on contract administration and enforcement.

Costs for Tracy Office Repayment (TO-400) were merged with Fresno Office Repayment (SCC-440).

Impact(s) if Unfunded:

Reclamation continues to strive in assuring that its contractors are using Project water correctly. Inadequate funding may result in 1) activities by Reclamation, the contractors, and the San Luis & Delta-Mendota Water Authority may not be adequately reviewed to ensure compliance with federal and state law, thus compromising public safety, potentially harming listed species and habitat, and improperly managing water and related resources in public interest; 2) project and programs needed to protect Reclamation's interest may not be completed; 3) Reclamation may be unable to demonstrate compliance with Reclamation and State water law, the NEPA, and applicable contract terms, and completion of important environmental commitments.

Activity Authorization:

Reclamation Act of 1902; PL 90-72, 81 Stat. 173, San Felipe Unit (August 23, 1967), the Central Valley Project (June 3, 1960); PL 102-575 CVPIA, Title 34 (October 30, 1992). Activity Name:	San Justo Dam And Reservoir	Activity ID:	527
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	Yes
Description of Activity:		Fund:	A2L

The San Justo Reservoir has not been transferred to the water district or county recreation because of several transfer stipulations which they want completed prior to acceptance of the works. These funds are needed to accomplish the transfer from construction to operation and maintenance.

Explanation Change from PFY:

Out-year budget projections assume re-establishment of prior work schedule and level of participation by Reclamation reduced by earlier cutbacks.

Impact(s) if Unfunded:

If not funded, the transfer stipulations will not be accomplished and the water district will not accept the transfer of the works to operation and maintenance. Seepage and landslide problems will continue.

Activity Authorization:

Public Law 90-72, dated August 27, 1967 (81 stat 173).

Activity Name:	Land Use Compliance	Activity ID:	883
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	No
Description of Activity:		Fund:	A2L

SCCAO will, as a continuing activity, provide oversight to public and non-public requests to use portions of the San Felipe

Project, including San Justo Reservoir and other lands designated as part of this division's right-of-way for activities associated with its intended use. To ensure the protection of the facility, reviews of the current and proposed uses of lands associated with those facilities will be ongoing. Resolution of identified trespass and unauthorized activities will be conducted. The San Justo Reservoir is nearing completion of improvements required in order to transfer its operation to the San Benito Water District. San Benito County has already begun to develop recreational facilities at the Reservoir. Coordination and review of these management activities will ensure compliance with Reclamation's land use requirements. Reviews will also ensure timely identification and removal of hazardous materials and other debris.

Explanation Change from PFY:

Out-year budget projections assume re-establishment of prior work schedule and level of participation by Reclamation reduced by earlier cutbacks.

Impact(s) if Unfunded:

Urban encroachment is becoming an increasingly serious problem. Failure to address this issue will result in public safety problems and reduced ability to perform critical maintenance on the conduits from uncontrolled private, un-engineered construction on the easements. Rapid population growth, an anticipated 80% over the next 20 years, will require better planning and management of recreation and land resources in order to minimize safety and security issues arising from increased public demand. Threats to endangered species continue to be a problem.

Activity Authorization:

Central Valley Project Improvement Act, Title XXVIII and Title XXXIV of PL 102-575; 16 USC 460l-1 et seq; Soil and Moisture Conservation Act of 1935, PL 74-46; 16 USC 590a; Recreation Act of 1965, PL 89-72; 79 Stat. 213; PL 90-72, Sec 2, 81 Stat 174.

Other Services, Contracts, Grants or Cooperative Agreements (BOCs 2500 and 4100) are executed to fund work by consultants or managing partners for recreational capital improvements, development of land management information for leases and permits etc., resource management planning, environmental studies in support of land use compliance efforts, surveys to establish Reclamation boundaries, demolition and removal of abandoned structures not related to water operations, and other services required for accomplishing land use compliance. These actions are conducted to support land management on a non-reimbursable (to water users) basis for lands and land uses not directly in support of water operations.

Activity Name:	Land Resource Protection	Activity ID:	1044
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	No
Description of Activity:		Fund:	A2L

SCCAO will, as a continuing activity, develop and implement resource protection plans for (1) fire suppression, (2) non-operational waste and hazardous materials management, and (3) soil and moisture conservation. Fire suppression will involve placing first-responder fire protection facilities and equipment at appropriate locations to ensure public safety and protect Reclamation's land resources from wildfires. Vegetation management programs and prescribed burns will be implemented to manage fuel loads to enhance wildlife habitat, improve recreational opportunities, and to reduce the risk of wildfire. Activities will also include the evaluation and disposal of non-operational waste and hazardous materials on non-operational Reclamation lands. Programs to manage and discourage waste and hazardous material dumping on Federal property will also be implemented. Soil and moisture conservation programs will address issues related to water quality and erosion. The activities will include identification and correction of soil erosion and water quality problems associated with Reclamation lands managed for non-operational uses. Soil and moisture conservation will be furthered through the development and implementation of watershed management strategies. The primary goal of this activity is to protect the public's health and safety through the reduction of wildfire risk, management of waste and hazardous materials, improved water quality, and reduced soil erosion.

Explanation Change from PFY:

Out-year budget projections assume re-establishment of prior work schedule and level of participation by Reclamation reduced by earlier cutbacks.

Impact(s) if Unfunded:

Public Health and Safety will be jeopardized. Reclamation will not be able to provide low cost fire protection, and manage erosion and water quality to meet NPDES requirements.

Activity Authorization:

Central Valley Project Improvement Act, Title XXVIII and Title XXXIV of PL 102-575; 16 USC 460I-1 et seq; Soil and Moisture Conservation Act of 1935, PL 74-46; 16 USC 590a; Recreation Act of 1965, PL 89-72; 79 Stat. 213; PL 90-72, Sec 2, 81 Stat 174.

Activity Name:	NEPA/ESA Compliance for Land Management Activities	Activity ID:	2975
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	No
Description of Activity:		Fund:	A2L

SCCAO will as a continuing activity provide NEPA and ESA compliance in association with public requests to use or alter recreational lands and facilities associated with the San Felipe Division including San Justo Reservoir and other lands designated as part of this division's right-of-way for activities associated with its intended use. SCCAO staff administers the NEPA and ESA process and provides professional assistance in agriculture, biology, chemistry, geology, hydrology, and other natural sciences to facilitate activities on Reclamation lands within the San Felipe Division. State and local agencies work with SCCAO staff on coordinating NEPA and CEQA compliance. The San Justo Reservoir is nearing completion of improvements required for transfer to San Benito Water District for operation. San Benito County has already begun to develop recreational facilities at the Reservoir. Coordination and review of these management activities will ensure compliance with Reclamation's NEPA and ESA requirements.

Explanation Change from PFY:

Impact(s) if Unfunded:

All Reclamation activities, as well as activities on Reclamation lands, including those that place Reclamation as a federal nexus, are subject to NEPA and ESA compliance. Without proposed funding, Reclamation will be unable to demonstrate compliance with Reclamation and State water law, NEPA, ESA and completion of important environmental commitments. In addition, lack of or inadequate environmental review would result in project delays.

FY 2011 - Budget Activity Plan Extract

Activity Name:	San Felipe Biological Opinion Implementation	Activity ID:	982
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	Yes
Description of Activity:		Fund:	A3H

A number of consultations with the Fish and Wildlife Service under section 7 of the Endangered Species Act resulted in biological opinions covering interim and long-term water service contracts, continued operation and maintenance of Reclamation facilities, and other site-specific Federal actions. Reclamation committed to implementing projects and programs to ensure that no adverse effects will occur to listed species. Reclamation may need to consult with USFWS and/or NMFS on new projects and reconsult on existing projects.

Explanation Change from PFY:

Out-year budget projections assume re-establishment of prior work schedule and level of participation by Reclamation reduced by earlier cutbacks.

Impact(s) if Unfunded:

We are presently operating under a number of biological opinions with non-discretionary terms and conditions. Without proposed funding, Reclamation will be unable to demonstrate compliance with the federal Endangered Species Act and as a result may need to reinitiate consultation with the U.S. Fish and Wildlife Service and/or the National Marine Fisheries Service or be out of compliance with federal statute.

Activity Authorization:

Federal Water Pollution Control Act (Public Law 92-500), Clean Air Act (P.L. 91-604), Federal Noxious Weed Act (P.L. 93-629), and Central Valley Project Improvement Act (October 30, 1992), Endangered Species Act of 1973 (P.L. 93-205). Biological Opinion (USFWS) on CVP and SWP Operations Criteria and Plan (OCAP) July 30, 2004. Biological Opinion (NMFS) on CVP and SWP Operations Criteria and Plan October 22, 2004. Biological Opinion on Operations and Maintenance Program on USBR lands within South-Central California Area Office, February 17, 2005.

Activity Name:	Recreation Facilities/ADA Compliance-San Felipe Division	Activity ID:	2069
Project/Division:	0921 - CVP, San Felipe Division (SCC-100)	Subject to Reimbursement:	No
Description of Activity:		Fund:	A50

Reclamation has a responsibility to conduct reviews and evaluations of its facilities and programs of its managing partners, concessionaires, and others that receive government benefits to ensure that said facilities and programs meet certain accessibility standards through training, upgrading of facilities, and implementation of new design standards. Staff in the SCCAO will serve as the lead in implementing this program. After the first year start-up, annual expenses will increase and plateau before declining to accommodate installation of required facilities.

Satisfying the Commissioner's goal of making reservoirs compliant with the Americans with Disabilities Act (ADA) requires ADA compliant equipment, i.e. picnic tables, restrooms, fire pits, showers, telephones. Pathways need grading and paving to reduce slopes to 2% or less. ADA compliant benches, picnic tables, drinking fountains and vending machines are needed, as well as updating or adding the appropriate signage to indicate handicap facilities. The doors and hallways of the buildings need to be expanded to accommodate wheelchairs.

Based on a survey performed by technological services in Denver, CO, a total cost of \$3.75 million is needed to resolve ADA deficiencies.

Explanation Change from PFY:

Prior reduction in funding has delayed meeting the Commissioner's 2010 goal, to beyond 2020. The request represents the minimum needed to meet the goal by 2022.

Impact(s) if Unfunded:

Not meeting ADA requirements presents a significant liability for Reclamation. The State of California has been involved in ADA compliance liabilities, leading to costly settlements exceeding \$500,000,000.

Activity Authorization:

Title XXVIII and Title XXXIV of PL 102-575; 16 USC 460l-1 et seq; the Act of April 27, 1935, Chap 85, 49 Stat. 163; PL 74-46; 16 USC 590a; PL 89-72; 79 Stat. 213; PL 90-72, Sec 2, 81 Stat 174, Architectural Barriers Act of August 12, 1968 (P.L. 90-480) as amended, 42 U.S.C. 4151 et seq; Sections 504 and 501 of the Rehabilitation Act of 1973 (P.L. 93-112, 87 Stat 355 (29 USC 701)), as amended by the Rehabilitation Act Amendments of 1974 (P.L. 93-516, 88 Stat. 1619), and the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments 1978 (P.L. 95-602, 92 Stat. 2955); Americans with Disabilities Act (ADA) and the Americans with Disabilities Act Assessibility Guidelines (ADAAG) of 1990 (P.L. 101-336, 42 USC 12101 et seq), Uniform Federal Accessibility Standards (UFAS); 43 CFR 17, Reclamation Development Act of 1974, PL 93-493.

Object Code Description:

Other Services, Contracts, Grants or Cooperative Agreements (BOCs 2500 and 4100) are executed to fund work by consultants or managing partners for facilities improvements for recreation facilities particularly ADA upgrades required by new laws and regulations. These actions are non-reimbursable (i.e. not charged against water users) and do not provide facilities in support of water operations.
