

## Water Quality Data near the TFCF, Byron, California

### Summary of Composite Samples for Dissolved Organic Compounds, 1991–1994

Samples collected from the San Joaquin River at Vernalis, California, by the US Geological Survey, using solid phase extraction. Concentrations in nanograms per liter, ng/L. Citation for these data: MacCoy, D., Crepeau, K.L., and K.M. Kuivila, 1995. Dissolved Pesticide Data for the San Joaquin River at Vernalis and the Sacramento River at Sacramento, California, 1991-1994, USGS open File Report 95-110, Sacramento, California.

Negative values represent results below the detection limit. Absolute value of negative numbers represents the reported detection limit. Data should be re-coded before statistical summary.
