| 2:10-3:10 | Stakeholder Input on WY 2015 Planning
Open discussion moderated by Pablo Arroyave |

1. Based on your experiences in WY 2014 and given your perspective of potential future hydrology, what types of things should Reclamation focus on for the coming water year and WY 2015 water planning?

2. What actions in WY 2014 provided the most value to your organization? What were the most helpful actions your organization took? How would you strengthen those areas in WY 2015?

3. How would you improve collaboration and communication between Reclamation and your organization?
