Reclamation Approved Rates for Concession-Operated Recreation Areas for 2013 at Lake Berryessa

The Bureau of Reclamation has contracts with concession operators to provide recreation services in concession areas on federal property at Lake Berryessa. These concession areas offer a variety of services, including marinas, boat launching, lodging, retail, camping and day use. Rates approved for these services are based on the nature of the service provided and any amenities associated with the product or service, as well as how those amenities and services are priced in geographically and recreationally similar areas (comparability). Approved Rates for recreation services provided by each of the concession operators, or concessionaires, are listed below. **These are the maximum permitted rates that can be charged by the concessionaires.**

Services and rates not listed cannot be offered or charged by the concessionaires without approval by Reclamation. Terms of use for these services as well as other operating policies may be imposed by the concessionaires with approval by Reclamation. For further information regarding concessionaire services, rates or terms of use, please contact the individual concessionaire at the address or phone number shown below.

If you have questions, comments, or would like additional information about Lake Berryessa or Reclamation, please contact the Lake Berryessa Field Office at 707-966-2111 or visit us on the web at www.usbr.gov/mp/cca0/berryessa/index.html.
