

Exhibit I – Insurance Requirements

The insurance sections of this Exhibit I and the Draft Concession contract are presented in a manner that outlines types and levels of insurance that Reclamation will consider as acceptable coverage. Bidder's are not required to obtain insurance at these exact levels and may tailor their packages to meet the reasonable needs of their unique proposal but should be aware that Reclamation intends to review the proposed insurance package and retains the right to direct changes or upgrades if it is felt the planned coverage is inadequate based upon industry norms of satisfactory insurance levels and the parameters of the Reclamation Concessions Manual section on insurance. All direction in regard to indemnification for the United States/Reclamation and the need to provide certificates of insurance and appropriate endorsements are not flexible and must be followed. Bidder's need to outline their anticipated packages especially as it applies to Exhibit I. Bidders may wish to share this PART 6-ExI with their insurance carriers to assist in structuring the proposed coverage's.

The Concession Contractor shall obtain and maintain during the entire term of this concession contract, at its sole cost and expense, the types and amounts of insurance coverage as set forth below and necessary to fulfill the obligations of the concession contract.

With the exception of statutory worker's compensation insurance protection, Reclamation shall be named as an additional insured under all insurance policies issued or arranged in support of this agreement. The coverage provided for the benefit of Reclamation is not to be impaired by the Concession Contractor, its agents, servants, or employees. Reclamation shall, solely for its benefit, be provided an unconditional 30-day advance notice of cancellation, non-renewal, or material change in coverage or policy terms. The term "Reclamation" shall, by definition and where appropriate and legally permissible, also include the term "United States Government/United States of America."

The amounts of insurance and coverage terms indicated are not intended as a limitation of the Concession Contractor's responsibility or liability under this agreement, but rather an indication as to the minimum amount and minimum scope of insurance that Reclamation considers necessary to allow the operation of the concession facilities at its area. Nevertheless, if the Concession Contractor purchases insurance in addition to the limits illustrated herein, Reclamation is to receive benefit of the additional amounts of insurance without additional cost to Reclamation.
