STATEMENT OF WORK
I. Cooperative Project

The cooperative project to be accomplished under this Agreement is the suppression of wildland fires on Reclamation lands.

II. Term of Agreement

This Agreement shall become effective upon being executed by both parties. The Agreement shall be effective through the completion date of September 30, 2005.

III. Mutual Cooperation

To accomplish the purpose and objective of this Agreement, each party agrees to cooperate with the other in fulfilling its obligations as herein provided.

IV. Specific Obligations of the Parties

A. State's Obligation

1. Provide "Basic" fire suppressions as against all wildfires on Reclamation lands.

2. The State shall, as soon as is practicable, notify the Reclamation Officer, facility manager, and reservoir manager of fires known to exist on Reclamation lands, as described in Attachment B and shown on the maps in Attachment C.

3. Irrespective of action of others to suppress fires occurring in or threatening the protected Reclamation lands, the State shall take charge of control action on any such fire as soon after discovery as is practicable and will immediately take action to suppress such fire in a cost-effective manner consistent with policies.

4. After completion of fire suppression action, transmit to Reclamation a copy of the Forestry fire report for each fire on Reclamation lands.

5. Maintain adequate records and accounts of the costs for each fire for which Reclamation may be billed in such detail as will enable a qualified person to readily determine fire suppression costs which are reimbursable under this agreement and preserve such records for three years following payment. To the extent practical, such records shall include, but not be limited to all applicable employee attendance records, payrolls, copies of sub-contracts, purchase orders, invoices, from and payments to any subcontractors and suppliers.

6. Prepare and submit invoices for fire suppression costs relating to each fire occurring on Reclamation lands. In case of complex fire actions, State may submit partial
invoices with notation indicating supplemental invoices will follow. A general summary of said costs will be provided to Reclamation with each invoice from the State.

B. Reclamation’s Obligation

1. Furnish State with maps on or before showing the location of Reclamation lands to be protected by State under this agreement.

2. Notify State (by April 1st each year) during the term of this agreement, of:
   a. ownership changes in lands to be protected by forestry; and
   b. the acreage to be protected by State under this agreement

3. Permit State to use all roads, truck trails, springs, reservoirs, fire tanks, and other available "as is" facilities maintained by Reclamation for State's use in fire suppression activities.

4. Provide a Resource Advisor to the State upon request of the Incident Commander to said advisor delegated line authority.

5. Pay the cost of fire suppression as specified in Item 6 below.

6. Transfer of funds:
   a. Reclamation agrees to pay the State for actual fire suppression costs incurred by the State while suppressing fires on Reclamation lands. Reimbursement to be claimed by the State (as determined by the State) and approved by Reclamation shall include:
      1. Salaries and wages for permanent and seasonal State personnel used to suppress the fires. (Reimbursement for the salary or wage of any employee shall be computed on the direct daily or hourly wage of that employee including both actual overtime payments and related employee benefit costs.)
      2. The actual costs to State for use of personnel from other agencies, and for paid "pick-up" labor used to suppress a fire.
      3. The actual cost to State for food services, transportation, and sleeping accommodations for personnel engaged in suppressing the fires.
4. The actual equipment operation costs expended by State to suppress the fires. (These costs shall be calculated by using the hourly or mileage rates for each class of vehicle, as listed in the Fire Cost Reimbursement Tables prepared annually by the State.)

5. The total cost to State for equipment rented to suppress the fires.

6. Replacement or repair cost to State for equipment and tools damaged, destroyed, or lost as a result of a fire. However, any such claim shall be reduced by any salvage value and shall be based on the depreciated value of such equipment and tools prior to the fire, as determined by State. Furthermore, State shall eliminate from said claims any cost directly attributable to the negligence of State personnel operating the tool or equipment.

7. Cost will include direct expenditures as well as indirect or administrative cost.

b. Reimbursement to State for fires which burn into Reclamation lands shall be determined by the ratio which the burned acreage of Reclamation lands bear to the burned acreage of State Responsibility Area Lands involved in the fire, excluding any burned acreage which is the direct protection responsibility of any other fire protection agency.

c. Reimburse State within 60 days of receiving State's invoice for fire suppression costs. Each payment will be made to the Department of Forestry and Fire Protection and addressed and mailed to the address set forth in paragraph "V" below.

d. Billing shall be submitted to the following address:

Regional Director, Ms. Linda Turner
Mid Pacific Region
U.S. Bureau of Reclamation (MP-3890)
2800 Cottage Way (Rm E-1B-19)
Sacramento, CA 95825-1898

C. Special Provisions

1. Cooperation for Fire Hazard Reduction:

It is mutually agreed that both parties will cooperate in initiating programs to reduce fire hazards on, and promote fire prevention education on Reclamation lands.
STATION OF WORK

2. Records:
The State shall keep and maintain adequate records and accounts of all financial transactions arising under this Agreement and the same shall be subject to audit by Reclamation. The State shall also give Reclamation any available information it may require relative to the work of the State under this Agreement.

3. Availability of Funds:
Reclamation obligation for performance of this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Reclamation for any payment may arise for performance under this contract beyond FY-05, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

4. Authorized Representatives of Reclamation shall be permitted to inspect at any reasonable time facilities and activities pertinent to the fulfillment of this Agreement.

V. Project Officers

All notices and correspondence shall be deemed to have been given when made in writing and deposited in the United States mail, certified and postage prepaid, and addressed as follows:

P.O. Box 944246
Sacramento, CA 94244-2460

Nothing herein contained shall preclude the giving of any such written notice by personal service.

VI. SPECIAL TERMS AND CONDITIONS

This Agreement terminates and supersedes the previous Agreement between the parties, (Agreement No. 8-FC-20-06380).
This Agreement will automatically include Reclamation lands within CDF’s direct protection jurisdiction currently covered by separate “full service” contracts with CDF should any of those contracts be terminated. “Full service” contracts currently in force are listed in Attachment B.

VII GENERAL PROVISIONS

a. Amendments. Any changes to this agreement shall be made by means of a written amendment. Changes dealing with administrative matters (such as changes in paying office, changes of address, etc.) may be made by a unilateral amendment. An amendment pursuant to the below clause b, Termination for Cause, may also be made unilaterally. Any other changes shall be made by a bilateral amendment (signed by both parties). No written statement by any other person than the Grants and Cooperative Agreements Officer, and no oral statement of any person shall be allowed in any manner or degree to modify or otherwise affect the terms of the agreement.

b. Termination for Cause. Reclamation may terminate the agreement in whole, or in part, at any time before the date of completion, whenever it is determined that CDF has failed to comply with the conditions of the agreement. Reclamation shall promptly notify CDF, in writing, of the determination and the reasons for the termination, together with the effective date. Payments made to CDF or recoveries by Reclamation under agreements terminated for cause shall be in accordance with the legal rights and liabilities of the parties.

c. Termination for Convenience. Reclamation or CDF may terminate the agreement in whole, or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date, and, in the case of partial terminations, the portion to be terminated. CDF shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. Reclamation shall allow full credit to CDF for Reclamation share of the noncancellable obligations, properly incurred by CDF prior to the termination.

d. Utilization of Small Business Concerns and Small Disadvantaged Business Concerns: It is the policy of the United States that small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals shall have the maximum practicable opportunity to participate in performing Grants and Cooperative Agreements awarded by any Federal agency.

CDF hereby agrees to carry out this policy in the awarding of subagreements and contracts to the fullest extent consistent with efficient Grant/Cooperative Agreements performance. CDF further agrees to cooperate in any studies or surveys as may be conducted by the United States Small Business Administration or the awarding agency of the United States as may be necessary to determine the extent of CDF’s compliance with this clause. As used in
this agreement, the term "small business concern" shall mean a small business as defined pursuant to section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto. The term "small business concern owned and controlled by socially and economically disadvantaged individuals" shall mean a small business concern:

1. Which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and

2. Whose management and daily business operations are controlled by one or more of such individuals.

c. Equal Employment Opportunity. All contracts awarded in excess of $10,000 by CDF and its Contractors or Subcontractors shall contain a provision requiring compliance with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375, and as supplemented in Department of Labor regulations (41 CFR, part 60).

d. Procurement Standards. To reflect the Interior Department's implementation and support of Executive Order 12432, dated July 14, 1983, the Minority Business Enterprise development, Departmental Clause, "Procurement Standards"—Attachment 0 is attached and incorporated into this agreement. Accordingly, the CDF shall submit quarterly Minority Business Utilization Reports, DL-1925 (copy included in Attachment O to the RECLAMATION within 10 days after the end of each fiscal year quarter, and to the Department of the Interior (DOI), Office of Small and Disadvantaged Business Utilization (OSDBU), Room 2527, 18th and E Streets NW, Washington, DC 20240.

"It is a national policy to place a fair share of purchases with minority business firms. The Department of the Interior is strongly committed to the objectives of this policy and encourages all recipients of its grants and cooperative agreements to take affirmative steps to ensure such fairness. In particular, recipients should:

1. Place minority business firms on bidder's mailing lists.

2. Solicit these firms whenever they are potential sources of supplies, equipment, construction, or services.

3. Where feasible, divide total requirements into smaller needs, and set delivery schedules that will encourage participation by these firms.

4. Use the assistance of the Minority Business Development Agency of the Department of Commerce, the Small Business Administration, the Office of Small and Disadvantaged
Business Utilization, DOJ, the Business Utilization and Development Specialist who reside in each DOJ bureau and office, and similar state and local offices where they exist."
