EXPLANATORY RECITALS

[1<sup>st</sup>] WHEREAS, the United States has constructed and is operating the Central Valley Project, California, for multiple purposes pursuant to its statutory authority; and

[2<sup>nd</sup>] WHEREAS, the Contractor has rights to divert, is diverting, and will continue to divert for reasonable beneficial use, water from the natural flow of the Sacramento River and tributaries thereto, that would have been flowing therein if the Central Valley Project were not in existence; and

[3<sup>rd</sup>] WHEREAS, the construction and operation of the integrated and coordinated Central Valley Project has changed and will further change the regimen of the Sacramento, American, San Joaquin, and Trinity Rivers and the Sacramento-San Joaquin Delta from unregulated flow to regulated flow; and

[4<sup>th</sup>] WHEREAS, the United States has rights to divert, is diverting, and will continue to divert waters from said Rivers and said Delta in connection with the operation of said Central Valley Project; and

[5<sup>th</sup>] WHEREAS, the Contractor and the United States had a dispute over the respective rights of the parties to divert and use water from the regulated flow of the Sacramento River which threatened to result in litigation, and as a means to settle that dispute entered into Contract No. 14-06-200-5200A, as amended, hereinafter referred to as the Existing Contract, which established terms for the delivery to the Contractor of Central Valley Project Water, and the quantities of Base Supply the United States and the Contractor agreed may be diverted by the Contractor from the Sacramento River pursuant to such contract; and

[6<sup>th</sup>] WHEREAS, the United States and the Contractor disagree with respect to the authority of the United States to change the quantities of Base Supply and/or Project Water

48 specified as available for diversion in this Settlement Contract from the quantities specified in  
49 the Existing Contract, and other issues related thereto. That dispute was the subject of litigation  
50 in a lawsuit entitled *Glenn-Colusa Irrigation District, et al. v. United States, et al.*

51 [Civ. No. S-01-1816 GEB/JFM (E.D. Cal.)], but that litigation was dismissed, without prejudice,  
52 pursuant to a stipulation of dismissal filed by the parties thereto on August 29, 2002.

53 Notwithstanding that dismissal, the Contractor and the United States enter into this Settlement  
54 Contract to renew the Existing Contract, pursuant to the terms of the Existing Contract, Federal  
55 Reclamation law, and the laws of the State of California; and

56 [7<sup>th</sup>] WHEREAS, to assure the Contractor of the enjoyment and use of the regulated  
57 flow of the said Rivers and the Delta, and to provide for the economical operation of the Central  
58 Valley Project by, and the reimbursement to, the United States for expenditures made for said  
59 Project;

60 NOW, THEREFORE, in consideration of the performance of the herein contained  
61 provisions, conditions, and covenants, it is agreed as follows:

62 DEFINITIONS

63 1. When used herein, unless otherwise expressed or incompatible with the intent  
64 hereof, the term:

65 (a) "Base Supply" shall mean the quantity of Surface Water established in  
66 Articles 3 and 5 which may be diverted by the Contractor from the Sacramento River each month  
67 during the period April through October of each Year without payment to the United States for  
68 such quantities diverted;

69 (b) "Basin-Wide Water Management Plan" shall mean the mutually agreeable  
70 Sacramento River Basinwide Water Management Plan, dated October 11, 2004, developed by

71 Glenn-Colusa Irrigation District, Maxwell Irrigation District, Natomas Central Mutual Water  
72 Company, Pelger Mutual Water Company, Princeton-Codora Glenn Irrigation District, Provident  
73 Irrigation District, Reclamation District 108, Sutter Mutual Water Company, Anderson-  
74 Cottonwood Irrigation District, Meridian Farms Water Company, Reclamation District 1004, and  
75 the U.S. Bureau of Reclamation;

76 (c) "Charges" shall mean the payments for Project Water that the Contractor  
77 is required to pay to the United States in addition to the "Rates" specified in this Settlement  
78 Contract. The Contracting Officer will, on an annual basis, determine the extent of these  
79 Charges. The type and amount of each Charge shall be specified in Exhibit D;

80 (d) "Contract Total" shall mean the sum of the Base Supply and Project Water  
81 available for diversion by the Contractor for the period April 1 through October 31;

82 (e) "Critical Year" shall mean any Year in which either of the following  
83 eventualities exists:

84 (1) The forecasted full natural inflow to Shasta Lake for the current  
85 Water Year, as such forecast is made by the United States on or before February 15 and reviewed  
86 as frequently thereafter as conditions and information warrant, is equal to or less than 3.2 million  
87 acre-feet; or

88 (2) The total accumulated actual deficiencies below 4 million acre-feet  
89 in the immediately prior Water Year or series of successive prior Water Years each of which had  
90 inflows of less than 4 million acre-feet, together with the forecasted deficiency for the current  
91 Water Year, exceed 800,000 acre-feet.

92 For the purpose of determining a Critical Year, the computation of inflow to  
93 Shasta Lake shall be performed in a manner that considers the extent of upstream development

94 above Shasta Lake during the year in question, and shall be used as the full natural flow to  
95 Shasta Lake. In the event that major construction has occurred or occurs above Shasta Lake after  
96 September 1, 1963, and which has materially altered or alters the regimen of the stream systems  
97 contributing to Shasta Lake, the computed inflow to Shasta Lake used to define a Critical Year  
98 will be adjusted to eliminate the effect of such material alterations. After consultation with the  
99 State of California, the National Weather Service, and other recognized forecasting agencies, the  
100 Contracting Officer will select the forecast to be used and will make the details of it available to  
101 the Contractor. The same forecasts used by the United States for the operation of the Project  
102 shall be used to make the forecasts hereunder;

103 (f) "CVPIA" shall mean the Central Valley Project Improvement Act,  
104 Title XXXIV of the Act of October 30, 1992 (106 Stat. 4706);

105 (g) Omitted;

106 (h) Omitted;

107 (i) Omitted;

108 (j) Omitted;

109 (k) Omitted;

110 (l) "Project" shall mean the Central Valley Project owned by the United  
111 States and managed by the Department of the Interior, Bureau of Reclamation;

112 (m) "Project Water" shall mean all Surface Water diverted or scheduled to be  
113 diverted each month during the period April through October of each Year by the Contractor  
114 from the Sacramento River which is in excess of the Base Supply. The United States recognizes  
115 the right of the Contractor to make arrangements for acquisition of water from projects of others  
116 than the United States for delivery through the Sacramento River and tributaries subject to

117 written agreement between Contractor and the United States as to identification of such water,  
118 which water, when so identified, shall not be deemed Project Water under this Settlement  
119 Contract;

120 (n) "Rates" shall mean the payments for Project Water determined annually  
121 by the Contracting Officer in accordance with the then current applicable water ratesetting  
122 policies for the Project, as described in subdivision (a) of Article 8 of this Settlement Contract;

123 (o) "Secretary" or "Contracting Officer" shall mean the Secretary of the  
124 Interior, a duly appointed successor, or an authorized representative acting pursuant to any  
125 authority of the Secretary and through any agency of the Department of the Interior;

126 (p) "Surface Water" shall mean only those waters that are considered as  
127 surface water under California law;

128 (q) "Water Year" shall mean the period commencing with October 1 of one  
129 year and extending through September 30 of the next; and

130 (r) "Year" shall mean a calendar year.

131 TERM OF SETTLEMENT CONTRACT

132 2. (a) This Settlement Contract shall become effective April 1, 2005, and shall  
133 remain in effect until and including March 31, 2045; Provided, that under terms and conditions  
134 mutually agreeable to the parties hereto, renewals may be made for successive periods not to  
135 exceed 40 years each. The terms and conditions of each renewal shall be agreed upon not later  
136 than one year prior to the expiration of the then existing Settlement Contract.

137 (b) With respect to Project Water and the portions of this Settlement Contract  
138 pertaining thereto, upon written request by the Contractor of the Secretary made not later than  
139 one year prior to the expiration of this Settlement Contract, whenever, account being taken of the

140 amount then credited to the costs of construction of water supply works, the remaining amount of  
141 construction costs of water supply work which is properly assignable for ultimate return by the  
142 Contractor as established by the Secretary of the Interior pursuant to (3) of Section 1 of Public  
143 Law 643 (70 Stat. 483), probably can be repaid to the United States within the term of a contract  
144 under subsection 9(d) of the 1939 Reclamation Project Act (53 Stat. 1187), the relevant portions  
145 of this Settlement Contract may be converted to a contract under said subsection 9(d) upon terms  
146 and conditions mutually agreeable to the United States and the Contractor. The Secretary shall  
147 make a determination ten years after the date of execution of this Settlement Contract, and every  
148 five years thereafter, of whether a conversion to a contract under said subsection 9(d) can be  
149 accomplished pursuant to Public Law 643. Notwithstanding any provision of this Settlement  
150 Contract, the Contractor reserves and shall have all rights and benefits under Public Law 643.

151 WATER TO BE FURNISHED TO CONTRACTOR

152 3. (a) Subject to the conditions, limitations, and provisions hereinafter  
153 expressed, the Contractor is hereby entitled and authorized to divert from the Sacramento River  
154 at the locations shown in Exhibit A, for beneficial use within the area delineated on Exhibit B,  
155 (both Exhibits are attached hereto and made a part hereof), the Contract Total designated in  
156 Exhibit A, or any revision thereof.

157 (b) No sale, transfer, exchange, or other disposal of any of the Contract Total  
158 designated in Exhibit A or the right to the use thereof for use on land other than that shown on  
159 Exhibit B shall be made by the Contractor without first obtaining the written consent of the  
160 Contracting Officer. Such consent will not be unreasonably withheld and a decision will be  
161 rendered in a timely manner. For short-term actions that will occur within one year or less, the  
162 decision will be rendered within 30 days after receipt of a complete written proposal. For

163 long-term actions that will occur in a period longer than one year, the decision will be rendered  
164 within 90 days after receipt of a complete written proposal. For a proposal to be deemed  
165 complete by the Contracting Officer, it must comply with all provisions required by State and  
166 Federal law, including information sufficient to enable the Contracting Officer to comply with  
167 the National Environmental Policy Act, the Endangered Species Act, and applicable rules or  
168 regulations then in effect; Provided, that such consent does not authorize the use of Federal  
169 facilities to facilitate or effectuate the sale, transfer, exchange or other disposal of Base Supply.  
170 Such use of Federal facilities will be the subject of a separate agreement to be entered into  
171 between the Contractor and Reclamation.

172 (c) For the purpose of determining whether Section 3405(a)(1)(M) of the  
173 CVPIA applies to the Contractor as a transferor or transferee of Project Water, the Contracting  
174 Officer acknowledges that the Contractor is within a county, watershed, or other area of origin,  
175 as those terms are utilized under California law.

176 (d) Nothing herein contained shall prevent the Contractor from diverting  
177 water during the months of November through March for beneficial use on the land shown on  
178 Exhibit B or elsewhere to the extent authorized under the laws of the State of California.

179 (e) The United States assumes no responsibility for and neither it nor its  
180 officers, agents, or employees shall have any liability for or on account of:

181 (1) The quality of water to be diverted by the Contractor;

182 (2) The control, carriage, handling, use, disposal, or distribution of  
183 water diverted by the Contractor outside the facilities constructed and then being operated and  
184 maintained by or on behalf of the United States;

185 (3) Claims of damage of any nature whatsoever, including but not  
186 limited to, property loss or damage, personal injury, or death arising out of or connected with the  
187 control, carriage, handling, use, disposal, or distribution of said water outside of the hereinabove  
188 referred to facilities; and

189 (4) Any damage whether direct or indirect arising out of or in any  
190 manner caused by a shortage of water whether such shortage be on account of errors in  
191 operation, drought, or unavoidable causes.

192 (f) In addition to the provisions of subdivision (e) of Article 3 of this  
193 Contract, if there is a shortage of Project Water because of actions taken by the Contracting  
194 Officer to meet legal obligations then, except as provided in subdivision (a) of Article 30 of this  
195 Contract, no liability shall accrue against the United States or any of its officers, agents, or  
196 employees for any damage, direct or indirect, arising therefrom.

197 RETURN FLOW

198 4. Nothing herein shall be construed as an abandonment or a relinquishment by the  
199 United States of any right it may have to the use of waste, seepage, and return flow water derived  
200 from water diverted by the Contractor hereunder and which escapes or is discharged beyond the  
201 boundaries of the lands shown on Exhibit B; Provided, that this shall not be construed as  
202 claiming for the United States any right to such water which is recovered by the Contractor  
203 pursuant to California law from within the boundaries of the lands shown on Exhibit B, and  
204 which is being used pursuant to this Settlement Contract for surface irrigation or underground  
205 storage for the benefit of the lands shown on Exhibit B by the Contractor.

206 CONSTRAINTS ON THE AVAILABILITY OF WATER

207 5. In a Critical Year, the Contractor shall have the option to:

208 (a) Irrigate not in excess of 75 percent of its irrigable acreage shown on  
209 Exhibit A; or

210 (b) Divert from the Sacramento River not in excess of 75 percent of the  
211 Contract Total shown on Exhibit A, subject to the installation of measurement equipment  
212 satisfactory to the Contracting Officer. The Contractor shall install, operate, and maintain this  
213 equipment at the Contractor's expense. The Contractor shall submit, by April 1 of that Critical  
214 Year, a written schedule to the Contracting Officer indicating the Contract Total to be diverted  
215 by the Contractor during each month of that Critical Year under this Settlement Contract.

216 (c) The amount of any overpayment by the Contractor shall, at its option, be  
217 refunded or credited upon amounts to become due to the United States from the Contractor under  
218 the provisions hereof in the ensuing Year. To the extent of such deficiency such adjustment of  
219 overpayment shall constitute the sole remedy of the Contractor.

220 INTEGRATED WATER MANAGEMENT AND PARTNERSHIPS

221 6. The Contractor and United States desire to work together to maximize the  
222 reasonable beneficial use of water for their mutual benefit. As a consequence, the United States  
223 and the Contractor will work in partnership and with others within the Sacramento Valley,  
224 including other contractors, to facilitate the better integration within the Sacramento Valley of all  
225 water supplies including, but not limited to, the better management and integration of surface  
226 water and groundwater, the development and better utilization of surface water storage, the  
227 effective utilization of waste, seepage and return flow water, and other operational and  
228 management options that may be identified in the future.

229 USE OF WATER FURNISHED TO CONTRACTOR

230 7. (a) Project Water furnished to the Contractor pursuant to this Settlement  
231 Contract shall not be delivered or furnished by the Contractor for any purposes other than  
232 agricultural purposes without the written consent of the Contracting Officer. For purposes of this  
233 Settlement Contract, "agricultural purposes" includes, but is not restricted to, the irrigation of  
234 crops, the watering of livestock, incidental domestic use including related landscape irrigation,  
235 and underground water replenishment.

236 (b) The Contractor shall comply with requirements applicable to the  
237 Contractor in biological opinion(s) prepared as a result of a consultation regarding the execution  
238 of this Settlement Contract undertaken pursuant to Section 7 of the Endangered Species Act of  
239 1973, as amended, that are within the Contractor's legal authority to implement. The Existing  
240 Contract, which evidences in excess of 40 years of diversions, for agricultural uses, of the  
241 quantities of water provided for in Article 3, and the underlying water rights of the Contractor  
242 will be considered in developing an appropriate base-line for the Biological Assessment prepared  
243 pursuant to the Endangered Species Act, and in any other needed environmental review.  
244 Nothing herein shall be construed to prevent the Contractor from challenging or seeking judicial  
245 relief in a court of competent jurisdiction with respect to any biological opinion or other  
246 environmental documentation referred to in this Article.

247 RATE AND METHOD OF PAYMENT FOR WATER

248 8. (a) The Contractor shall make payments to the United States as provided in  
249 this Article for each acre of land irrigated from April 1, through October 31 each Year.

250 Such payments shall be at Rates and Charges established in accordance with: (i)  
251 the Secretary's then current ratesetting policies for the Project; and (ii) applicable Reclamation

252 law and associated rules and regulations, or policies; Provided, that if the Contractor desires to  
253 use Project Water for other than agricultural purposes the Rates and Charges set forth above will  
254 be adjusted by the Contracting Officer to the applicable Rates and Charges for such purposes.  
255 The Rates and Charges applicable to the Contractor upon execution of this Settlement Contract  
256 are set forth in Exhibit D, as may be revised annually. The Secretary's ratesetting policies for  
257 the Project shall be amended, modified, or superseded only through a public notice and  
258 com`ment procedure.

259 (b) The Contracting Officer shall notify the Contractor of the Rates and  
260 Charges as follows:

261 (1) Prior to July 1 of each Year, the Contracting Officer shall  
262 provide the Contractor an estimate of the Charges for Project Water that will be applied to the  
263 period October 1, of the current Year, through September 30, of the following Year, and the  
264 basis for such estimate. The Contractor shall be allowed not less than two months to review and  
265 comment on such estimates. On or before September 15 of each Year, the Contracting Officer  
266 shall notify the Contractor in writing of the Charges to be in effect during the period October 1 of  
267 the current Year, through September 30, of the following Year, and such notification shall revise  
268 Exhibit D.

269 (2) Prior to October 1 of each Year, the Contracting Officer shall make  
270 available to the Contractor an estimate of the Rates for Project Water for the following Year and  
271 the computations and cost allocations upon which those Rates are based. The Contractor shall be  
272 allowed not less than two months to review and comment on such computations and cost  
273 allocations. By December 31 of each Year, the Contracting Officer shall provide the Contractor

274 with the final Rates to be in effect for the upcoming Year, and such notification shall revise  
275 Exhibit D.

276 (c) The Contractor shall pay the United States for Project Water in the  
277 following manner:

278 (1) With respect to Rates and Charges, on or before May 1 of each  
279 Year, the Contractor shall pay the United States one-half the total amount payable pursuant to  
280 subdivision (a) of this Article and the remainder shall be paid on or before July 1 or such later  
281 date or dates as may be specified by the United States in a written notice to the Contractor.

282 (2) The amount to be paid on or before May 1 of each Year shall be  
283 based on a written estimate, provided to the Contracting Officer by the Contractor on or before  
284 April 1 of each Year, of the total area to be irrigated between April 1 and October 31 of that  
285 Year.

286 (3) The amount to be paid on or before July 1 shall be equal to the  
287 difference between the amount paid on May 1 and the total amount due for the Year, based on  
288 the total area actually irrigated between April 1 and July 1.

289 (4) If additional areas are placed under irrigation on or after July 1, but  
290 before October 31, additional payment shall be made in advance of such additional irrigation at  
291 the Rates and Charges shown in Exhibit D for each additional acre placed under irrigation.

292 (d) Payments to be made by the Contractor to the United States under this  
293 Settlement Contract may be paid from any revenues available to the Contractor. All revenues  
294 received by the United States from the Contractor relating to the delivery of Project Water or the  
295 delivery of non-Project Water through Project facilities shall be allocated and applied in

296 accordance with Federal Reclamation law and the associated rules or regulations, and the then  
297 current Project ratesetting policies for irrigation water.

298 (e) The Contracting Officer shall keep its accounts pertaining to the  
299 administration of the financial terms and conditions of its long-term water service and Settlement  
300 Contracts, in accordance with applicable Federal standards, so as to reflect the application of  
301 Project costs and revenues. The Contracting Officer shall, each Year upon request of the  
302 Contractor, provide to the Contractor a detailed accounting of all Project and Contractor expense  
303 allocations, the disposition of all Project and Contractor revenues, and a summary of all water  
304 delivery information. The Contracting Officer and the Contractor shall enter into good faith  
305 negotiations to resolve any discrepancies or disputes relating to accountings, reports, or  
306 information.

307 (f) The parties acknowledge and agree that the efficient administration of this  
308 Settlement Contract is their mutual goal. Recognizing that experience has demonstrated that  
309 mechanisms, policies, and procedures used for establishing Rates and Charges and/or for making  
310 and allocating payments, other than those set forth in this Article may be in the mutual best  
311 interest of the parties, it is expressly agreed that the parties may enter into agreements to modify  
312 the mechanisms, policies, and procedures for any of those purposes while this Settlement  
313 Contract is in effect without amendment of this Settlement Contract.

314 (g) For the term of this Settlement Contract, Rates under the respective  
315 ratesetting policies for the Project will be established to recover only reimbursable operation and  
316 maintenance (including any deficits) and capital costs of the Project, as those terms are used in  
317 the then-current Project ratesetting policies, and interest, where appropriate, except in instances  
318 where a minimum Rate is applicable in accordance with the relevant Project ratesetting policy.

319 Proposed changes of significance in practices which implement the ratesetting policies for the  
320 Project will not be implemented until the Contracting Officer has provided the Contractor an  
321 opportunity to discuss the nature, need, and impact of the proposed change. The Contractor  
322 retains all rights to challenge the validity of Rates and Charges imposed pursuant to this  
323 Settlement Contract, including but not limited to operation and maintenance expenses and  
324 operation and maintenance deficits, in an appropriate administrative or judicial proceeding.

325 (h) Except as provided in subsection 3405(a)(1)(B) of the CVPIA, the Rates  
326 for Project Water transferred, exchanged, or otherwise disposed of, by the Contractor shall be the  
327 Contractor's Rates adjusted upward or downward to reflect the changed costs of delivery (if any)  
328 of the transferred, exchanged, or otherwise disposed of Project Water to the transferee's point of  
329 delivery in accordance with the then-current ratesetting policies for the Project. Except as  
330 provided in subsection 3407(d)(2)(A) of the CVPIA, the Charges for Project Water transferred,  
331 exchanged, or otherwise disposed of, by the Contractor shall be the Contractor's Charges  
332 specified in Exhibit D. If the Contractor is receiving lower Rates and Charges because of  
333 inability to pay and is transferring, exchanging, or otherwise disposing of Project Water to  
334 another entity whose Rates and Charges are not adjusted due to inability to pay, the Rates and  
335 Charges for transferred, exchanged, or otherwise disposed of Project Water shall be the  
336 Contractor's Rates and Charges unadjusted for ability to pay.

337 (i) Pursuant to the Act of October 27, 1986 (100 Stat. 3050), the Contracting  
338 Officer is authorized to adjust determinations of ability to pay every five years.

339 (j) Each payment to be made pursuant to subdivisions (a) and (c) of this  
340 Article shall be made at the office of the Bureau of Reclamation, MP Region: Mid-Pacific,

341 P.O. Box 894242, Los Angeles, CA 90189-4242, or at such other place as the United States may  
342 designate in a written notice to the said Contractor. Payments shall be made by cash transaction,  
343 wire, or any other mechanism as may be agreed to in writing by the Contractor and the  
344 Contracting Officer. In event there should be a default in the payment of the amount due, the  
345 delinquent payment provisions of Article 13 shall apply. The Contractor shall not be relieved of  
346 the whole or any part of its said obligation by, on account of, or notwithstanding, as the case may  
347 be its failure, refusal, or neglect to divert the quantity of Project Water shown on Exhibit A.

348 AGREEMENT ON WATER QUANTITIES

349 9. (a) During the term of this Settlement Contract and any renewals thereof:

350 (1) It shall constitute full agreement as between the United States and  
351 the Contractor as to the quantities of water and the allocation thereof between Base Supply and  
352 Project Water which may be diverted by the Contractor from the Sacramento River for beneficial  
353 use on the land shown on Exhibit B from April 1 through October 31, which said diversion, use,  
354 and allocation shall not be disturbed so long as the Contractor shall fulfill all of its obligations  
355 hereunder;

356 (2) Neither party shall claim any right against the other in conflict with  
357 the provisions of Article 9(a)(1) hereof.

358 (b) Nothing herein contained is intended to or does limit rights of the  
359 Contractor against others than the United States or of the United States against any person other  
360 than the Contractor; Provided, however, that in the event the Contractor, the United States, or  
361 any other person shall become a party to a general adjudication of rights to the use of water of  
362 the Sacramento River system, this Settlement Contract shall not jeopardize the rights or position  
363 of either party hereto or of any other person and the rights of all such persons in respect to the

364 use of such water shall be determined in such proceedings the same as if this Settlement Contract  
365 had not been entered into, and if final judgment in any such general adjudication shall determine  
366 that the rights of the parties hereto are different from the rights as assumed herein, the parties  
367 shall negotiate an amendment to give effect to such judgment. In the event the parties are unable  
368 to agree on an appropriate amendment they shall, within 60 days of determining that there is an  
369 impasse, employ the services of a neutral mediator, experienced in resolving water rights  
370 disputes, to assist in resolving the impasse. The cost of the mediation will be shared equally. A  
371 failure to reach agreement on an amendment within 60 days of the end of mediation will cause  
372 the immediate termination of this Settlement Contract.

373 (c) In the event that the California State Water Resources Control Board or a  
374 court of competent jurisdiction issues a final decision or order modifying the terms and  
375 conditions of the water rights of either party to this Settlement Contract in order to impose Bay-  
376 Delta water quality obligations, the Contractor and the United States shall promptly meet to  
377 determine whether or not to modify any of the terms of this Settlement Contract to comply with  
378 the final decision or order. If within 60 days of the date of the issuance of the final decision or  
379 order the parties are not able to reach agreement regarding either the need to modify this  
380 Settlement Contract or the manner in which this Settlement Contract is to be modified, the  
381 parties shall promptly retain a neutral mediator, experienced in resolving water right disputes, to  
382 assist the parties in resolving their dispute. The cost of the mediator shall be shared equally. In  
383 the event that either of the parties to this Settlement Contract determines that the parties will not  
384 be able to develop mutually-agreeable modification(s) to this Settlement Contract even with the  
385 assistance of a mediator, either of the parties to this Settlement Contract may attempt to resolve  
386 the impasse by seeking appropriate judicial relief including, but not limited to, filing a general

387 adjudication of the rights to the use of water in the Sacramento River system. The foregoing  
388 provisions of this sub-article shall only apply to the incremental obligations contained within a  
389 final decision or order of the State Water Resources Control Board that reflects a modification to  
390 the obligations imposed in State Water Resources Control Board Revised Water Rights Decision  
391 1641 dated March 15, 2000, and its associated 1995 Water Quality Control Plan which, taken  
392 together, will be considered the baseline for the application of the provisions of this sub-article.

393 (d) In the event this Settlement Contract terminates, the rights of the parties to  
394 thereafter divert and use water shall exist as if this Settlement Contract had not been entered into;  
395 and the fact that as a compromise settlement of a controversy as to the respective rights of the  
396 parties to divert and use water and the yield of such rights during the term hereof, this Settlement  
397 Contract places a limit on the Contract Total to be diverted annually by the Contractor during the  
398 Settlement Contract term and segregates it into Base Supply and Project Water shall not  
399 jeopardize the rights or position of either party with respect to its water rights or the yield thereof  
400 at all times after the Settlement Contract terminates. It is further agreed that the Contractor at all  
401 times will first use water to the use of which it is entitled by virtue of its own water rights, and  
402 neither the provisions of this Settlement Contract, action taken thereunder, nor payments made  
403 thereunder to the United States by the Contractor shall be construed as an admission that any part  
404 of the water used by the Contractor during the term of this Settlement Contract was in fact water  
405 to which it would not have been entitled under water rights owned by it nor shall receipt of  
406 payments thereunder by the United States from the Contractor be construed as an admission that  
407 any part of the water used by the Contractor during the term of this Settlement Contract was in  
408 fact water to which it would have been entitled under water rights owned by it.

409

MEASUREMENT OF WATER

410           10.   (a)   All water diverted by the Contractor from the Sacramento River will be  
411 diverted at the existing point or points of diversion shown on Exhibit A or at such other points as  
412 may be mutually agreed upon in writing by the Contracting Officer and the Contractor.

413                   (b)   The right of ingress to and egress from all points of diversion is hereby  
414 granted to all authorized employees of the United States. The Contractor also hereby grants to  
415 the United States the right to install, operate, maintain, and replace measuring equipment on  
416 diversion or carriage facilities at each point of diversion as the Contracting Officer deems  
417 necessary.

418                   (c)   The Contractor shall not modify, alter, remove, or replace diversion  
419 facilities or do any other act which would alter the effectiveness or accuracy of the measuring  
420 equipment installed by the United States or its representatives unless and until the Contracting  
421 Officer has been notified with due diligence and has been given an opportunity to modify such  
422 measuring equipment in such manner as may be necessary or appropriate. In the event of an  
423 emergency the Contractor shall notify the United States within a reasonable time thereafter as to  
424 the existence of the emergency and the nature and extent of such modification, alteration,  
425 removal, or replacement of diversion facilities.

426                   (d)   The Contractor shall pay the United States for the costs to repair, relocate,  
427 or replace measurement equipment when the Contractor modifies, alters, removes, or replaces  
428 diversion or carriage facilities.

429

RULES AND REGULATIONS

430           11.   The parties agree that the delivery of Project Water for irrigation use or use of  
431 Federal facilities pursuant to this Settlement Contract is subject to Federal Reclamation law,

432 including but not limited to, the Reclamation Reform Act of 1982 (43 U.S.C.390aa et seq.), as  
433 amended and supplemented, and the rules and regulations promulgated by the Secretary of the  
434 Interior under Federal Reclamation law.

435 GENERAL OBLIGATION--BENEFITS CONDITIONED UPON PAYMENT

436 12. (a) The obligation of the Contractor to pay the United States as provided in  
437 this Settlement Contract is a general obligation of the Contractor notwithstanding the manner in  
438 which the obligation may be distributed among the Contractor's water users and notwithstanding  
439 the default of individual water users in their obligations to the Contractor.

440 (b) The payment of Charges becoming due hereunder is a condition precedent  
441 to receiving benefits under this Settlement Contract. The United States shall not make water  
442 available to the Contractor through Project facilities during any period in which the Contractor  
443 may be in arrears in the advance payment of water Rates due the United States. The Contractor  
444 shall not furnish water made available pursuant to this Settlement Contract for lands or parties  
445 which are in arrears in the advance payment of water rates levied or established by the  
446 Contractor.

447 (c) With respect to subdivision (b) of this Article, the Contractor shall have no  
448 obligation to require advance payment for water Rates which it levies.

449 CHARGES FOR DELINQUENT PAYMENTS

450 13. (a) The Contractor shall be subject to interest, administrative and penalty  
451 charges on delinquent installments or payments. When a payment is not received by the due  
452 date, the Contractor shall pay an interest charge for each day the payment is delinquent beyond  
453 the due date. When a payment becomes 60 days delinquent, the Contractor shall pay an  
454 administrative charge to cover additional costs of billing and processing the delinquent payment.  
455 When a payment is delinquent 90 days or more, the Contractor shall pay an additional penalty  
456 charge of six percent per year for each day the payment is delinquent beyond the due date.  
457 Further, the Contractor shall pay any fees incurred for debt collection services associated with a  
458 delinquent payment.

459 (b) The interest charge rate shall be the greater of the rate prescribed quarterly  
460 in the Federal Register by the Department of the Treasury for application to overdue payments,  
461 or the interest rate of one-half of one percent per month prescribed by Section 6 of the  
462 Reclamation Project Act of 1939 (Public Law 76-260). The interest charge rate shall be  
463 determined as of the due date and remain fixed for the duration of the delinquent period.

464 (c) When a partial payment on a delinquent account is received, the amount  
465 received shall be applied, first to the penalty, second to the administrative charges, third to the  
466 accrued interest, and finally to the overdue payment.

14. The operation and maintenance of Project facilities shall be performed in such manner as is practicable to maintain the quality of raw water made available through such facilities at the highest level reasonably attainable as determined by the Contracting Officer. The United States does not warrant the quality of water and is under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water.

15. The Contractor, in carrying out this Settlement Contract, shall comply with all applicable water and air pollution laws and regulations of the United States and the State of California, and shall obtain all required permits or licenses from the appropriate Federal, State, or local authorities.

16. During the performance of this Settlement Contract, the Contractor agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination, rates of payment or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without discrimination because of race, color, religion, sex, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Contracting Officer, advising the said labor union or workers'

498 representative of the Contractor's commitments under Section 202 of Executive Order 11246 of  
 499 September 24, 1965, and shall post copies of the notice in conspicuous places available to  
 500 employees and applicants for employment.

501 (d) The Contractor will comply with all provisions of Executive Order  
 502 No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders  
 503 of the Secretary of Labor.

504 (e) The Contractor will furnish all information and reports required by said  
 505 amended Executive Order and by the rules, regulations, and orders of the Secretary of Labor, or  
 506 pursuant thereto, and will permit access to its books, records, and accounts by the Contracting  
 507 Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with  
 508 such rules, regulations, and orders.

509 (f) In the event of the Contractor's noncompliance with the nondiscrimination  
 510 clauses of this Settlement Contract or with any of the said rules, regulations, or orders, this  
 511 Settlement Contract may be canceled, terminated, or suspended, in whole or in part, and the  
 512 Contractor may be declared ineligible for further Government contracts in accordance with  
 513 procedures authorized in said amended Executive Order, and such other sanctions may be  
 514 imposed and remedies invoked as provided in said Executive Order, or by rule, regulation, or  
 515 order of the Secretary of Labor, or as otherwise provided by law.

516 (g) The Contractor will include the provisions of paragraphs (a) through (g) in  
 517 every subcontract or purchase order unless exempted by the rules, regulations, or orders of the  
 518 Secretary of Labor issued pursuant to Section 204 of said amended Executive Order, so that such  
 519 provisions will be binding upon each subcontractor or vendor. The Contractor will take such  
 520 action with respect to any subcontract or purchase order as may be directed by the Secretary of  
 521 Labor as a means of enforcing such provisions, including sanctions for noncompliance:  
 522 Provided, however, that in the event the Contractor becomes involved in, or is threatened with,  
 523 litigation with a subcontractor or vendor as a result of such direction, the Contractor may request  
 524 the United States to enter into such litigation to protect the interests of the United States.

525 17. Omitted.

526 18. Omitted.

527 BOOKS, RECORDS, AND REPORTS

528 19. The Contractor shall establish and maintain accounts and other books and records  
 529 pertaining to administration of the terms and conditions of this Settlement Contract, including:  
 530 the Contractor's financial transactions, water supply data, and Project land and right-of-way  
 531 agreements; the water users' land-use (crop census), land ownership, land-leasing and water use  
 532 data; and other matters that the Contracting Officer may require. Reports thereon shall be  
 533 furnished to the Contracting Officer in such form and on such date or dates as the Contracting  
 534 Officer may require. Subject to applicable Federal laws and regulations, each party to this

535 Settlement Contract shall have the right during office hours to examine and make copies of each  
536 other's books and official records relating to matters covered by this Settlement Contract.

537 CHANGE OF PLACE OF USE

538 20. Unless the written consent of the United States is first obtained no change shall be  
539 made in the place of water use shown on Exhibit B.

540 21. Omitted.

541 NOTICES

542 22. Any notice, demand, or request authorized or required by this Settlement Contract  
543 shall be deemed to have been given, on behalf of the Contractor, when mailed, postage prepaid,  
544 or delivered to the Area Manager, Northern California Area Office, Bureau of Reclamation,  
545 16349 Shasta Dam Boulevard, Shasta Lake, California 96019, and on behalf of the United States,  
546 when mailed, postage prepaid, or delivered to Tomio Wakida, 821 Mariner Way, Yuba City,  
547 California 95991. The designation of the addressee or the address may be changed by notice  
548 given in the same manner as provided in this Article for other notices.

549 ASSIGNMENT LIMITED--SUCCESSORS AND ASSIGNS OBLIGATED

550 23. (a) The provisions of this Settlement Contract shall apply to and bind the  
551 successors and assigns of the parties hereto, but no assignment or transfer of this Settlement  
552 Contract or any right or interest therein shall be valid until approved in writing by the  
553 Contracting Officer.

554 (b) The assignment of any right or interest in this Settlement Contract by  
555 either party shall not interfere with the rights or obligations of the other party to this Settlement  
556 Contract absent the written concurrence of said other party.

557 (c) The Contracting Officer shall not unreasonably condition or withhold his  
558 approval of any proposed assignment.

559 OFFICIALS NOT TO BENEFIT

560 24. No Member of or Delegate to Congress, Resident Commissioner, or official of the  
561 Contractor shall benefit from this Settlement Contract other than as a water user or landowner in  
562 the same manner as other water users or landowners.

563 CONTINGENT UPON APPROPRIATION OR ALLOTMENT OF FUNDS

564 25. The expenditure or advance of any money or the performance of any obligation of  
565 the United States under this Settlement Contract shall be contingent upon appropriation or

566 allotment of funds. Absence of appropriation or allotment of funds shall not relieve the  
 567 Contractor from any obligations under this Settlement Contract. No liability shall accrue to the  
 568 United States in case funds are not appropriated or allotted.

569 CONFIRMATION OF SETTLEMENT CONTRACT

570 26. The Contractor, after the execution of this Settlement Contract, shall promptly  
 571 seek to secure a decree of a court of competent jurisdiction of the State of California, if  
 572 appropriate, confirming the execution of this Settlement Contract. The Contractor shall furnish  
 573 the United States a certified copy of the final decree, the validation proceedings, and all pertinent  
 574 supporting records of the court approving and confirming this Settlement Contract, and  
 575 decreeing and adjudging it to be lawful, valid, and binding on the Contractor. This Settlement  
 576 Contract shall not be binding on the United States until such final decree has been secured.

577 27. Omitted.

578 PRIVACY ACT COMPLIANCE

579 28. (a) The Contractor shall comply with the Privacy Act of 1974 (5 U.S.C. 552a)  
 580 (the Act) and the Department of the Interior rules and regulations under the Act (43 CFR 2.45 et  
 581 seq.) in maintaining Landholder acreage certification and reporting records, required to be  
 582 submitted to the Contractor for compliance with Sections 206 and 228 of the Reclamation  
 583 Reform Act of 1982 (96 Stat. 1266), and pursuant to 43 CFR 426.18.

584 (b) With respect to the application and administration of the criminal penalty  
 585 provisions of the Act (5 U.S.C. 552a(i)), the Contractor and the Contractor's employees  
 586 responsible for maintaining the certification and reporting records referenced in (a) above are  
 587 considered to be employees of the Department of the Interior. See 5 U.S.C. 552a(m).

588 (c) The Contracting Officer or a designated representative shall provide the  
 589 Contractor with current copies of the Interior Department Privacy Act regulations and the Bureau  
 590 of Reclamation Federal Register Privacy Act System of Records Notice (Acreage Limitation--  
 591 Interior, Reclamation-31) which govern the maintenance, safeguarding, and disclosure of  
 592 information contained in the Landholder's certification and reporting records.

593 (d) The Contracting Officer shall designate a full-time employee of the  
 594 Bureau of Reclamation to be the System Manager who shall be responsible for making decisions  
 595 on denials pursuant to 43 CFR 2.61 and 2.64 amendment requests pursuant to 43 CFR 2.72. The  
 596 Contractor is authorized to grant requests by individuals for access to their own records.

597 (e) The Contractor shall forward promptly to the System Manager each  
 598 proposed denial of access under 43 CFR 2.64; and each request for amendment of records filed  
 599 under 43 CFR 2.71; notify the requester accordingly of such referral; and provide the System  
 600 Manager with information and records necessary to prepare an appropriate response to the  
 601 requester. These requirements do not apply to individuals seeking access to their own

602 certification and reporting forms filed with the Contractor pursuant to 43 CFR 426.18, unless the  
603 requester elects to cite the Privacy Act as a basis for the request.

604 WATER CONSERVATION

605 29. (a) Prior to the diversion of Project Water, the Contractor shall be  
606 implementing an effective water conservation and efficiency program based on the Basin-Wide  
607 Water Management Plan and/or Contractor's water conservation plan that has been determined  
608 by the Contracting Officer to meet the conservation and efficiency criteria for evaluating water  
609 conservation plans established under Federal law. The water conservation and efficiency  
610 program shall contain definite water conservation objectives, appropriate economically feasible  
611 water conservation measures, and time schedules for meeting those objectives. Continued  
612 diversion of Project Water pursuant to this Settlement Contract shall be contingent upon the  
613 Contractor's continued implementation of such water conservation program. In the event the  
614 Contractor's water conservation plan or any revised water conservation plan completed pursuant  
615 to subdivision (d) of Article 29 of this Settlement Contract have not yet been determined by the  
616 Contracting Officer to meet such criteria, due to circumstances which the Contracting Officer  
617 determines are beyond the control of the Contractor, Project Water deliveries shall be made  
618 under this Settlement Contract so long as the Contractor diligently works with the Contracting  
619 Officer to obtain such determination at the earliest practicable date, and thereafter the Contractor  
620 immediately begins implementing its water conservation and efficiency program in accordance  
621 with the time schedules therein.

622 (b) The Contractor shall submit to the Contracting Officer a report on the  
623 status of its implementation of the water conservation plan on the reporting dates specified in the  
624 then existing conservation and efficiency criteria established under Federal law.

625 (c) At five-year intervals, the Contractor shall revise its water conservation  
626 plan to reflect the then current conservation and efficiency criteria for evaluating water  
627 conservation plans established under Federal law and submit such revised water management  
628 plan to the Contracting Officer for review and evaluation. The Contracting Officer will then  
629 determine if the water conservation plan meets Reclamation's then current conservation and  
630 efficiency criteria for evaluating water conservation plans established under Federal law.

631 (d) If the Contractor is engaged in direct groundwater recharge, such activity  
632 shall be described in the Contractor's water conservation plan.

### 633 OPINIONS AND DETERMINATIONS

634 30. (a) Where the terms of this Settlement Contract provide for actions to be  
635 based upon the opinion or determination of either party to this Settlement Contract, said terms  
636 shall not be construed as permitting such action to be predicated upon arbitrary, capricious, or  
637 unreasonable opinions or determinations. Both parties, notwithstanding any other provisions of  
638 this Settlement Contract, expressly reserve the right to seek relief from and appropriate  
639 adjustment for any such arbitrary, capricious, or unreasonable opinion or determination. Each  
640 opinion or determination by either party shall be provided in a timely manner. Nothing in  
641 subdivision (a) of Article 30 of this Settlement Contract is intended to or shall affect or alter the  
642 standard of judicial review applicable under Federal law to any opinion or determination  
643 implementing a specific provision of Federal law embodied in statute or regulation.

644 (b) The Contracting Officer shall have the right to make determinations  
645 necessary to administer this Settlement Contract that are consistent with the provisions of this  
646 Settlement Contract, the laws of the United States and of the State of California, and the rules

647 and regulations promulgated by the Secretary of the Interior. Such determinations shall be made  
648 in consultation with the Contractor to the extent reasonably practicable.

649 CONTRACTOR TO PAY CERTAIN MISCELLANEOUS COSTS

650 31. (a) In addition to all other payments to be made by the Contractor pursuant to  
651 this Settlement Contract, the Contractor shall pay to the United States, within 60 days after  
652 receipt of a bill and detailed statement submitted by the Contracting Officer to the Contractor for  
653 such specific items of direct cost incurred by the United States for work requested by the  
654 Contractor associated with this Settlement Contract plus indirect costs in accordance with  
655 applicable Bureau of Reclamation policies and procedures. All such amounts referred to in this  
656 Article shall not exceed the amount agreed to in writing in advance by the Contractor. This  
657 Article shall not apply to costs for routine contract administration.

658 (b) All advances for miscellaneous costs incurred for work requested by the  
659 Contractor pursuant to Article 31 of this Settlement Contract shall be adjusted to reflect the  
660 actual costs when the work has been completed. If the advances exceed the actual costs incurred,  
661 the difference will be refunded to the Contractor. If the actual costs exceed the Contractor's  
662 advances, the Contractor will be billed for the additional costs pursuant to Article 31 of this  
663 Settlement Contract.

664 WAIVER OF DEFAULT

665 32. The waiver by either party to this Settlement Contract as to any default shall not  
666 be construed as a waiver of any other default or as authority of the other party to continue such  
667 default or to make, do, or perform, or not to make, do, or perform, as the case may be, any act or  
668 thing which would constitute a default.

669 CONTRACT ASSIGNMENT OR TERMINATION UPON TRANSFER OF LAND

670 33. (a) The rights and obligations of the Contractors may be transferred in  
671 connection with the transfer of title to the land or any portion thereof delineated on Exhibit B on  
672 the following terms and conditions:

673 (1) A voluntary inter vivos transfer may be made, upon mutual  
674 agreement of the United States and the Contractors, to a person eligible to hold title to the land as  
675 a nonexcess landowner; and

676 (2) In the event the title of the Contractors to such land, or any portion  
677 thereof, is transferred by operation of law, such as by conveyance in satisfaction of a mortgage,  
678 by inheritance, or by device, the rights and obligations of the Contractors shall pass with the title  
679 and the land shall be subject to provisions of Reclamation law pertaining to such transfers. Any  
680 transfer of the rights and obligations of this Settlement Contract by the person acquiring title by  
681 operation of law shall be in accordance with provisions of subsection (1) above.

682 (b) The Contractors shall notify the Contracting Officer in writing of any  
683 proposed transfer of this Settlement Contract. In addition, in the case of a partial assignment the  
684 Contractors shall:

685 (1) Designate the proportionate quantities of Base Supply and Project  
686 Water which they desire to assign; and

687 (2) Furnish the United States with a copy of the deed transferring title.

688 (c) No transfer of this Settlement Contract shall be effective unless and until  
689 approved by the Contracting Officer, and, if approved, shall be effective from the date of such  
690 approval.

691 (d) Upon mutual agreement between the United States and the Contractor, this  
692 Settlement Contract or a portion thereof may be terminated and the new landowner will have the  
693 privilege of entering into a Settlement Contract for water service for a proportionate share of the  
694 Contract Total provided he is duly qualified to receive water for such land.

695 TERMINATION

696 34. This Settlement Contract will terminate upon mutual agreement of the parties  
697 prior to the end of the term or any renewal thereof.

698 IN WITNESS WHEREOF, the parties hereto have executed this Settlement

699 Contract as of the day and year first hereinabove written.

THIS FORM FURNISHED BY TITLE INSURANCE AND TRUST COMPANY

Know All Men by These Presents: That HARUYE WAKIDA

TRUSTEE FOR WAKIDA FAMILY TRUST

the undersigned (jointly and severally, if more than one) hereby make, constitute and appoint

TOMIO WAKIDA - 821 Mariner Way, Yuba City, California 95991

my true and lawful Attorney for me and in my name, place and stead and for my use and benefit:

(a) To ask, demand, sue for, recover, collect and receive each and every sum of money, debt, account, legacy, bequest, interest, dividend, annuity and demand (which now is or hereafter shall become due, owing or payable) belonging to or claimed by me, and to use and take any lawful means for the recovery thereof by legal process or otherwise, and to execute and deliver a satisfaction or release therefor, together with the right and power to compromise or compound any claim or demand;

(b) To exercise any or all of the following powers as to real property, any interest therein and/or any building thereon: To contract for, purchase, receive and take possession thereof and of evidence of title thereto; to lease the same for any term or purpose, including leases for business, residence, and oil and/or mineral development; to sell, exchange, grant or convey the same with or without warranty; and to mortgage, transfer in trust, or otherwise encumber or hypothecate the same to secure payment of a negotiable or non-negotiable note or performance of any obligation or agreement;

(c) To exercise any or all of the following powers as to all kinds of personal property and goods, wares and merchandise, choses in action and other property in possession or in action: To contract for, buy, sell, exchange, indorse, transfer and in any legal manner deal in and with the same; and to mortgage, transfer in trust, or otherwise encumber or hypothecate the same to secure payment of a negotiable or non-negotiable note or performance of any obligation or agreement;

(d) To borrow money and to execute and deliver negotiable or non-negotiable notes therefor with or without security; and to loan money and receive negotiable or non-negotiable notes therefor with such security as he shall deem proper;

(e) To create, amend, supplement and terminate any trust and to instruct and advise the trustee of any trust wherein I am or may be trustor or beneficiary; to represent and vote stock, exercise stock rights, accept and deal with any dividend, distribution or bonus, join in any corporate financing, reorganization, merger, liquidation, consolidation or other action and the extension, compromise, conversion, adjustment, enforcement or foreclosure, singly or in conjunction with others of any corporate stock, bond, note, debenture or other security; to compound, compromise, adjust, settle and satisfy any obligation, secured or unsecured, owing by or to me and to give or accept any property and/or money whether or not equal to or less in value than the amount owing in payment, settlement or satisfaction thereof;

(f) To transact business of any kind or class and as my act and deed to sign, execute, acknowledge and deliver any deed, lease, assignment of lease, covenant, indenture, indemnity, agreement, mortgage, deed of trust, assignment of mortgage or of the beneficial interest under deed of trust, extension or renewal of any obligation, subordination or waiver of priority, hypothecation, bottomry, charter-party, bill of lading, bill of sale, bill, bond, note, whether negotiable or non-negotiable, receipt, evidence of debt, full or partial release or satisfaction of mortgage, judgment and other debt, request for partial or full reconveyance of deed of trust and such other instruments in writing of any kind or class as may be necessary or proper in the premises.

**Giving and Granting** unto my said Attorney full power and authority to do and perform all and every act and thing whatsoever requisite, necessary or appropriate to be done in and about the premises as fully to all intents and purposes as I might or could do if personally present, hereby ratifying all that my said Attorney shall lawfully do or cause to be done by virtue of these presents. The powers and authority hereby conferred upon my said Attorney shall be applicable to all real and personal property or interests therein now owned or hereafter acquired by me and wherever situate.

My said Attorney is empowered hereby to determine in his sole discretion the time when, purpose for and manner in which any power herein conferred upon him shall be exercised, and the conditions, provisions and covenants of any instrument or document which may be executed by him pursuant hereto; and in the acquisition or disposition of real or personal property, my said Attorney shall have exclusive power to fix the terms thereof for cash, credit and/or property, and if on credit with or without security.

The undersigned, if a married woman, hereby further authorizes and empowers my said Attorney, as my duly authorized agent, to join in my behalf, in the execution of any instrument by which any community real property or any interest therein, now owned or hereafter acquired by my spouse and myself, or either of us, is sold, leased, encumbered, or conveyed.

When the context so requires, the masculine gender includes the feminine and/or neuter, and the singular number includes the plural.

Witness my hand this 3rd day of March, 19 2005
