Dear Water Contractor:

The Bureau of Reclamation has recently been providing the Central Valley Project water users a WDR for their review and input to ensure the accuracy of our recorded data. The purpose of this letter is to provide a WDR to Cachuma and Solano project water contractors for your review and input to ensure the accuracy of our recorded data. We have enclosed a copy of the WDR showing water deliveries and revenues, if any, for the period October 1, 2001, through September 30, 2002. This information is in a summarized format to allow you an opportunity to review the data and identify any potential errors or omissions.

Please indicate on the enclosed WDR that the information is correct or not correct, explain any discrepancies, and return it to us no later than January 16, 2003, by fax at 916-978-5392 or in the envelope provided.
