Ground control has cleared you for landing at the Aerospace Museum of California. On the former McClellan Air Force Base, the museum features dozens of meticulously restored military and civilian aircraft, NASA-supported exhibits, state-of-the-art Aerospace Learning Center, flight simulator, and gift shop. The museum is also a frequent stop for popular national traveling exhibits.

Formerly known as McClellan Aviation Museum, the Aerospace Museum of California is Sacramento's best-kept secret, with over 30 military and civilian aircraft and state-of-the-art Aviation Learning Center. Be sure to visit the gift shop which features aviation themed items.
