RECLAMATION

Managing Water in the West

The Lake Berryessa Water Education Program

The Bureau of Reclamation's Central California Area Office manages Lake Berryessa in Napa County, Calif. The Lake Berryessa Water Education Program is an interdisciplinary learning experience for students in grades 4-6. The program integrates Lake Berryessa's natural resources with State of California curriculum standards. Classes join a Park Ranger at the lake to learn about the importance of water in their lives. This excellent free program is managed by the Park Rangers at the lake and the children clearly love it as evidenced by the many appreciative notes and letters the Rangers receive!
