Subject: RE: EA-09-010 San Justo Zebra Mussel eradication project

Rain,

I reviewed the proposed action wherein Reclamation and San Benito County Water District (SBCWD) will conduct a zebra mussel eradication project for San Justo Reservoir, the Hollister Conduit, and the SBCWD subsystems by treating these systems with potash, a mined product that consists almost entirely of potassium chloride.

The proposed action does not have a potential to affect Indian Trust Assets. The nearest ITA is Chicken Ranch Rancheria approximately 84 miles NE of the project location.

Patricia
