

**ENVIRONMENTAL IMPACT STATEMENT ON THE
DRAFT LONG-TERM PLAN
FOR PROTECTING LATE SUMMER ADULT SALMON
IN THE LOWER KLAMATH RIVER**

Public Scoping Meetings

August 5, 2015
Arcata, CA

August 6, 2015
Weaverville, CA

August 11, 2015
Klamath Falls, OR

August 12, 2015
Sacramento, CA

Agenda

- 5:30 p.m. Informal Poster Session
- 6:00 p.m. Presentation
Followed by an Open House/Q&A with project personnel
- 7:00 p.m. Adjourn

RECLAMATION

Managing Water in the West

U.S. Department of the Interior
Bureau of Reclamation

COMMENT SHEET

Environmental Impact Statement on the Draft Long-Term Plan for Protecting Late Summer Adult Salmon in the Lower Klamath River

Thank you for your interest in the Long-Term Plan for Protecting Late Summer Adult Salmon in the Lower Klamath River. Please complete the appropriate sections of this form to provide scoping comments. Written comments can be submitted at the Scoping Meeting, faxed to (530) 275-2441, e-mailed to sha-slo-klamath-LTP@usbr.gov, or mailed to:

Paul Zedonis, Bureau of Reclamation, Northern California Area Office,
16349 Shasta Dam Blvd., Shasta Lake, CA 96019

Comments should be received by August 20, 2015, to be considered in defining the scope of the Draft Environmental Impact Statement. For more information about the project, visit http://www.usbr.gov/mp/kbao/docs/long-term_plan_protect_lower_klamath_04-2015.pdf.

Living on the Reservation swimming in the river is a connection
to my heart, I cant tell you how it hurts my heart to
see our children have to suffer due to Algae Bloom
and can't enjoy the Summer due to no swimming!!!
My mother almost lost her foot due to Algae in the
river She was airlifted to UCSF San Francisco for Surgery.

All comments become part of the public record.

Due to lots of antibiotics saved her life!!

I am hoping that BOR will hear our cries and our people will not give up until we get our WATER back.

This long term plan is useless if you don't protect the rivers right now. There's no promise that there will be anything left to fight for in the future if you're neglecting it now in the interest of your own greed and satisfying farmers with junior water

All comments become part of the public record.

rights instead of tribes who have always had
senior water rights. Living without an adequate
supply of water to our rivers is crippling b/c
we're always worried about another fish kill, our
own health because the river is damn near toxic
b/c there is so little water flow coming in and
that impacts our whole community and way of
life that goes back to time immemorial. You know
your conduct is wrong, that's why you're trying
to hide it and avoid hearing public opinions and
criticisms by allowing only written comments so
you can up and change it b/c we'll never stop fighting
to change it.

Please fold, staple, stamp, and mail.
