- a. Subdivision (h) of Article 3 of the Existing Contract is amended and replaced in its entirety with the following new subdivision (h):

152	(h) (IRRIGATION CONTRACTOR SPECIFIC) and (MUNICIPAL
153	CONTRACTOR SPECIFIC) The Contractor's right pursuant to Federal Reclamation law
154	and applicable State law to the reasonable and beneficial use of the Water Delivered pursuant to
155	this Contract shall not be disturbed, and this Contract shall continue so long as the Contractor
156	pays applicable Charges and Rates under this Contract consistent with Section 9(d) or 9(c)(1) of
157	the Act of August 4, 1939 (53 Stat. 1195) as applicable, and applicable law. Nothing in the
158	preceding sentence shall affect the Contracting Officer's ability to impose shortages under

161	4. Article 7 of the Existing Contract, entitled <u>RATES AND METHOD</u>
162	OF PAYMENT FOR WATER, is amended as follows:
163	(a) The heading of the Existing Contract is amended and replaced in its
164	entirety with RATES, METHOD OF PAYMENT FOR WATER AND ACCELERATED
165	REPAYMENT OF FACILITIES.
166	(b) Subdivision (a) of Article 7 of the Existing Contract is amended
167	and replaced in its entirety with the following new subdivision (a):
168	(a) Notwithstanding the Contractor's full prepayment of the Repayment
169	Obligation pursuant to section 4011, subsection (a)(2)(A) of the WIIN Act, as set forth in Exhibit
170	C, and any payments required pursuant to section 4011, subsection (b) of the WIIN Act, to
171	reflect the adjustment for the final cost allocation as described in this Article, subsection (b), the
172	Contractor's Project construction and other cost obligations shall be determined in accordance
173	with: (i) the Secretary's ratesetting policy for Irrigation Water adopted in 1988 and the

Secretary's then-existing ratesetting policy for M&I Water, consistent with the WIIN Act; and such ratesetting policies shall be amended, modified, or superseded only through a public notice and comment procedure; (ii) applicable Federal Reclamation law and associated rules and regulations, or policies, and (iii) other applicable provisions of this Contract. Payments shall be made by cash transaction, electronic funds transfers, or any other mechanism as may be agreed to in writing by the Contractor and the Contracting Officer. The Rates and Charges applicable to the Contractor upon execution of this Contract are set forth in Exhibit "B," as may be revised annually.

- (1) The Contractor shall pay the United States as provided for in this Article of this Contract for all Delivered Water at Rates and Charges in accordance with policies for Irrigation Water and M&I Water. The Contractor's Rates shall be established to recover its estimated reimbursable costs included in the operation & maintenance component of the Rate and amounts established to recover deficits and other charges, if any, including construction costs as identified in the following subdivisions.
- (2) In accordance with the WIIN Act, the Contractor's allocable share of Project construction costs will be repaid pursuant to the provisions of this Contract.
- (A) The amount due and payable to the United States, pursuant to the WIIN Act, shall be the Repayment Obligation. The Repayment Obligation has been computed by the Contracting Officer in a manner consistent with the WIIN Act and is set forth as a lump sum payment (M&I and Irrigation) and as four (4) approximately equal annual installments (Irrigation Only) to be repaid no later than three (3) years after the effective date of this Contract as set forth in Exhibit D. There could be one or two exhibits in most cases due

to more than one service area [For Irrigation contractors and M&I contractors] The
Repayment Obligation is due in lump sum by [Month Day, Year] as provided by the WIIN Act.
The Irrigation Contractor must provide appropriate notice to the Contracting Officer in writing
no later than thirty (30) days prior to [Month Day, Year] [Division Level: consider the
effective date of the contract being converted] if electing to repay the amount due using the
lump sum alternative. If such notice is not provided by such date, the Contractor shall be
deemed to have elected the installment payment alternative, in which case, the first such payment
shall be made no later than [Month Day, Year] [Division Level: consider the effective date of
the contract being converted]. The second payment shall be made no later than the first
anniversary of the first payment date. The third payment shall be made no later than the second
anniversary of the first payment date. The final payment shall be made no later than [Month
Day, Year] [no later than the third anniversary of the effective date of the contract]. If the
installment payment option is elected by the Contractor, the Contractor may pre-pay the
remaining portion of the Repayment Obligation by giving the Contracting Officer sixty (60) days
written notice, in which case, the Contracting Officer shall re-compute the remaining amount due
to reflect the pre-payment using the same methodology as was used to compute the initial annual
installment payment amount, which is illustrated in Exhibit D. Notwithstanding any Additional
Capital Obligation that may later be established, receipt of the Contractor's payment of the
Repayment Obligation to the United States shall fully and permanently satisfy the Existing
Capital Obligation.
(B) Additional Capital Obligations that are not reflected in, the

schedules referenced in Exhibit D and properly assignable to the Contractor, shall be repaid as

prescribed by the WIIN Act without interest except as required by law. Consistent with Federal Reclamation law, interest shall continue to accrue on the M&I portion of the Additional Capital Obligation assigned to the Contractor until such costs are paid. Increases or decreases in the Additional Capital Obligation assigned to the Contractor caused solely by annual adjustment of the Additional Capital Obligation assigned to each Project contractor by the Secretary shall not be considered in determining the amounts to be paid pursuant to this subdivision (a)(2)(B), however, will be considered under subdivision (b) of this Article. A separate agreement shall be established by the Contractor and the Contracting Officer to accomplish repayment of the Additional Capital Obligation assigned to the Contractor within the timeframe prescribed by the WIIN Act, subject to the following: **(1)** If the collective Additional Capital Obligation properly assignable to the contractors exercising conversion under section 4011 of the WIIN Act is less than five million dollars (\$5,000,000), then the portion of such costs properly assignable to the Contractor shall be repaid not more than five (5) years after the Contracting Officer notifies the Contractor of the Additional Capital Obligation; Provided, that the reference to the

(2) If the collective Additional Capital Obligation properly assignable to the contractors exercising conversion under section 4011 of the WIIN Act is equal to or greater than five million dollars (\$5,000,000), then the portion of such costs properly assignable to the Contractor shall be repaid as provided by applicable Federal Reclamation law and Project ratesetting policy; <u>Provided</u>, that the reference to the amount of five million dollars (\$5,000,000) shall not be a precedent in any other context.

240	(c) Article 7 of the Existing Contract is amended to add a new
241	subdivision (b):
242	(b) In the event that the final cost allocation referenced in
243	Section 4011(b) of the WIIN Act determines that the costs properly assignable to the Contractor
244	are greater that what has been paid by the Contractor, the Contractor shall be obligated to pay the
245	remaining allocated costs. The term of such additional repayment contract shall be not less than
246	one (1) year and not more than ten (10) years, however, mutually agreeable provisions regarding
247	the rate of repayment of such amount may be developed by the Contractor and Contracting
248	Officer. In the event that the final cost allocation indicates that the costs properly assignable to

250	such overpayment as an offset against any outstanding or future obligations of the Contractor,
251	with the exception of Restoration Fund charges pursuant to section 3407(d) of Public Law 102-
252	575.
253	(d) Subdivision (b) of Article 7 of the Existing Contract is amended and
254	redesignated subdivision (c); [DIVISIONAL] Upon complete payment of the Repayment

260	the reference to the Tiered Pricing Component, as follows:

(c)(2) Prior to October 1 of each Calendar Year, the Contracting Officer
shall make available to the Contractor an estimate of the Rates for Project Water for the
following Year and the computations and cost allocations upon which those Rates are based.
The Contractor shall be allowed not less than two months to review and comment on such
computations and cost allocations. By December 31 of each Calendar Year, the Contracting
Officer shall provide the Contractor with the final Rates to be in effect for the upcoming Year,
and such notification shall revise Exhibit "B."

- (g) Subdivision (j) of Article 7 of the Existing Contract is deleted in its entirety.
- (h) [DIVISIONAL] Upon complete payment of the Repayment
 Obligation, Subdivision (d) of Article 7 of the Existing Contract is amended to delete the
 reference to Tiered Pricing Component:
- (d) The Contractor shall also make a payment in addition to the Rate(s) in subdivision (c) of this Article to the United States for Water Delivered, at the Charges then in effect, before the end of the month following the month of delivery. The payments shall be consistent with the quantities of Irrigation Water and M&I Water Delivered as shown in the water delivery report for the subject month prepared by the Operating Non-Federal Entity(ies) or, if there is no Operating Non-Federal Entity(ies), by the Contracting Officer. The water delivery report shall be deemed a bill for the payment of Charges for Water Delivered. Adjustment for overpayment or underpayment of Charges shall be made through the adjustment of payments due to the United States for Charges for the next month. Any amount to be paid for past due payment of Charges shall be computed pursuant to Article 20 of this Contract.

283	(h) [DIVISIONAL] Upon complete payment of the Repayment
284	Obligation, Subdivision (i) of Article 7 of the Existing Contract is amended to delete the
285	reference to the Tiered Pricing Component:
286	(i) The parties acknowledge and agree that the efficient administration
287	of this Contract is their mutual goal. Recognizing that experience has demonstrated that
288	mechanisms, policies, and procedures used for establishing Rates and Charges, and/or for
289	making and allocating payments, other than those set forth in this Article may be in the mutual
290	best interest of the parties, it is expressly agreed that the parties may enter into agreements to
291	modify the mechanisms, policies, and procedures for any of those purposes while this Contract is
292	in effect without amending this Contract.
293	4. Article X of the Existing Contract, entitled CONSTRAINTS ON THE
294	AVAILABILITY OF WATER, is amended as follows:
295	(a) Subdivisions (a) and (b) of Article X of the Existing Contract are
296	amended and replaced in their entirety with the following new subdivisions (a) and (b)
