Good afternoon,

I am currently a Physician Assistant working in Lechee. A large portion of my patients are employees of NGS, and not to mention spouses and children. We are happy to serve this rural area, and provide healthcare to Natives in this region. I strongly believe the closure of the plant may affect the clinic and services we provide, mainly due to a large decline in payers through NGS. NGS employees have excellent health coverage which helps us address the epidemic in Native Americans that have the tendency to face more serious health problems. Navajo families and others will be stripped from a reliable source of healthcare coverage.

Florinda Curley, PA-C

Family Medicine: Lechee Health Facility

Clinic Address: 3 miles S. Coppermine Rd.

Postal Address: P.O. Box 4810 Page, AZ 86040
