Canal Safety

You know what they say about canals? They're 'current-ly' a serious matter! 😅

When it comes to canals, it's better to be safe than sorry—don't be a fool, just play it cool! 😎

You otter stay safe and stay out of canals like Otto Otter! 😂

Key Risks

- Rapid currents.
- Steep and slippery banks.
- Hidden dangers.

The Four NEVERS of Canal Safety

1. Never take unnecessary risks near a canal.
2. Never engage in activities with friends near or in canals.
3. Avoid getting too close to the edge of a canal.
4. Never attempt to retrieve items or pets from a canal without seeking help.
