

RTT MEETING AGENDA

January 17, 2012, 9:00 AM

SRSRB Office, 410 E Main, Dayton, WA 99328

For those calling in, the number is 1-866-866-2244 and the code is 2166159. Please let Anne Chapman know if you plan on calling in so she can initiate the conference line (anne@snakeriverboard.org).

Time	Agenda Items	Description
9:00 - Additions or Changes to Agenda		
9:00 – 10:30	Expert Panel Benefits Table	RTT, as the expert panel, is requested to review the updated (Jan 5) Tucannon and Asotin benefits table that lists the limiting factor, current status, anticipated improvements and weighting factor for each limiting factor.
10:30 – 11:30	3-Year Work Plan Review	Kris sent the draft 3-year work plan to RTT members for review and suggestions. We will review suggestions and hopefully finalize the 2012, 3-year work plan.
11:30 – 12:00	Stream Flow Monitoring	Chris Hyland will discuss status of flow monitoring in WRIA 32 and any new information. Brad will review the flow monitoring sites in WRIA 35.
12:00 – 12:30	Flow Reporting/Indicator for State of Salmon Report	Steve will share the latest information regarding the stream flow indicator in the state of the salmon report – sites and their purpose, methods, etc. A discussion about the water temperature indicator will also occur.
12:30 – 12:45	Announcements	
1:00	Adjourn	
	February Agenda Items	Finalize Expert Panel project benefits evaluation for each watershed in WRIA 35 included in the table Finalize 3-year work plan update if needed Watershed/salmon indicators for state of salmon report
