1. **Introduction.** This Appendix describes the specifications for authorized uniform components to be worn by all Bureau of Reclamation SRF. Requirements for wearing the specific uniform style will be defined in local procedures. Due to multiple variations in color, the term “coyote” is used to represent a dark brown. SRF Managers will verify color variations with the Protection Services Program Manager before purchasing uniform items to ensure uniform standardization.

2. **Uniform Issue and Exchange.** All SRF sites will have a local uniform issue and exchange procedure in place. The local procedure will be included in the SRF administrative standard operating procedures and will list the quantities of uniform items issued to a new hire along with the procedures for exchanging non-serviceable uniforms annually for new uniform items.
