(Expires 09/14/2021)

Examples of Non-Project Specific Activities

Following are examples of non-project specific activities that have been identified as fully or partially non-reimbursable. The examples are intended only as a reference only and do not represent a complete inventory of all instances of non-project specific activities. Individuals must consult with rate setting or repayment offices (economists), finance and/or budget offices, and regional environmental officers for ESA-related activities on any questions regarding reimbursability of program activities.
