

Gary Katz, Esq.

Katz Water Technologies, Inc.

Gary P. Katz is the founder of Katz Water Technologies and managing attorney for Katz Law Group with over 22 years of legal and technical experience. In 2000, Gary joined ExxonMobil as a patent attorney for the Upstream Research Company. At the Upstream Research Company, he drafted and prosecuted a worldwide patent docket for several divisions and Imperial Oil in Canada. In 2005, Gary was transferred to Downstream Research and Engineering at ExxonMobil and focused on refining and chemical finished products primarily drafting and prosecuting patents worldwide. Since 2010, Gary has represented major corporations, private clients and start-up companies with intellectual property, financing, transactional work, and litigation services. In 2016, Gary launched Katz Water technologies to bring to market new water treatment technologies to help solve the world's water problems. Katz Water technologies has received over \$2 million in Federal grants and prize money and has been issued 12 patents.

Gary has a B.S. (Geological Sciences) and a J.D. from Rutgers University. He is married and has a daughter and four sons. Gary Katz can be reached at Gary@katzwater.com.
