

WERC Environmental Design Contest

Seeking Sponsors, Tasks, and Judges

Student teams solve your design challenges that require:

- Innovation
- 4-6 months to solve
- Seeking tasks for 2021

Task topics

- Desalination
- Brine treatments
- Improved membranes
- Water cleanup & sustainable use
- PFAS
- High TDS water
- Produced water
- Recovery of valuable materials

Serve as a judge

- Develop the next generation of engineering leaders
- Learn from students' creative ideas
- Network with other judges
- April 5-8, 2020, Las Cruces, Farm & Ranch Museum

BE BOLD. Shape the Future.
