### GENERAL INFORMATION

#### “General Information About RRA Forms”

(Form 7-21INFO) provides basic instructions on using Reclamation Reform Act of 1982 (RRA) forms. Ask your district office for this form each year to keep current. Refer to the definitions at the end of Form 7-21INFO whenever the meaning of a term is not clear to you. Please note, some terms such as “irrigable land,” “irrigation land,” and “irrigation water” have special definitions when used in these forms which differ from their common meaning. Other terms and corresponding definitions that are specific to the RRA forms are:

- “**Land**” or “**acres**” means irrigable and/or irrigation land.
- “**You**” or “**your**” means the landholder.
- “**We**,” “**us**,” “**our**,” or “**Reclamation**” means the Bureau of Reclamation

### WHO MAY SUBMIT THIS FORM

You may submit an “EZ Certification of Individual’s Landholdings” (Form 7-2180EZ) if you meet **all** of the following conditions:

- (1) You are an individual, an individual with dependent children, a married couple, or a married couple with dependent children, **and** you are a qualified recipient whose total landholdings are more than the RRA forms submittal threshold of your district. A category 1 district’s form submittal threshold is 240 acres and a category 2 district’s threshold is 80 acres for qualified recipients. You should contact the district in which you hold land to determine the

forms submittal category since a district’s RRA forms submittal category is subject to change annually.

- (2) All of your landholdings are subject to acreage limitation provisions and are located in the same district.
- (3) You do not hold more than 960 acres of irrigable and/or irrigation land.
- (4) You hold all your land directly and in your own name (that is, the land is not owned or leased through any type of legal entity, such as a corporation, trust, estate, or partnership; or in the names of your children or other dependents).
- (5) You are not claimed as a dependent within the meaning of the Internal Revenue Code.
- (6) Either you or your spouse, if married, is a U.S. citizen or a resident alien.

If you do not meet all of these conditions you must submit a “Certification of Individual’s Landholdings” (Form 7-2180). Fact Sheets 1, 2, and 5 are available at your district office if you are unsure whether Form 7-2180EZ is the appropriate form for you to submit.

You are completing the wrong form if you and your spouse, if married, are both nonresident aliens. Please contact your district office or the appropriate Reclamation office to obtain the proper form.

### WHERE TO SUBMIT FORMS

Submit this form to the district in which the land is located.

## WHAT LAND TO INCLUDE

You must certify all of your land held in this district that is subject to the acreage limitation provisions. You must provide an accurate legal description or an assessor's parcel number for each land parcel. Be sure to break down land parcels as far as necessary to ensure accurate identification.

## IF LANDHOLDINGS CHANGE

You must notify the district in which you hold land within 30 calendar days if your landholdings change during the water year, and you must submit new certification forms within 60 calendar days of the change. These 30- and 60-day grace periods do not apply to a new landholder. A new landholder must submit certification forms **prior** to receiving Reclamation irrigation water.

For more information on landholding changes, see Fact Sheet 11 which is available at your district office.

## ANNUAL CERTIFICATION

You must submit Form 7-2180EZ or Form 7-2180 each and every year prior to the delivery of Reclamation irrigation water to your land if your landholdings exceed the applicable RRA forms submittal threshold. However, you may submit a "Verification of Landholdings" (Form 7-21VERIFY) instead if your landholdings have not changed since the last standard certification form you submitted.

## GENERAL INSTRUCTIONS

Type or print in ink all answers. You must initial and date any crossouts and corrections. You may attach continuation sheets to list information. Preprinted continuation sheets are available for this purpose, or you may make your own. Please contact your district office or the appropriate Reclamation office if you have any questions.

## ITEM BY ITEM INSTRUCTIONS

### Landholder Information

1. Enter your name.
2. Enter your marital status (single, married, divorced, or widowed).
3. Enter your spouse's name, if married.
4. (a) Enter your residential address. You must use the street address or rural route number, city, state, and ZIP code. Your attorney's address, relative's address, "c/o" address, etc., is not acceptable in place of a

residential address. Post office box numbers may be used only if no other address exists.

- (b) Enter your mailing address if it is different from your residential address.
5. (a) Enter the telephone number where questions can be directed.
- (b) Enter the name of a contact person at that telephone number, if you are not the person to whom we should direct our questions.
6. Check the box(es) to indicate if you and your spouse, if married, are U.S. citizens, resident aliens, or nonresident aliens. Please indicate your country of citizenship if you check "nonresident alien." You are completing the wrong form if you and your spouse, if married, are both nonresident aliens. Please contact your district office for guidance.

### Land You Own

It is the responsibility of landowners, sellers of land, and districts to notify lessees, buyers of land, and new landholders, respectively, of the RRA forms submittal requirements associated with the land in question.

7. This section requests information regarding land that you directly own. Include land leased from a public entity here instead of including it as leased land in item 10 because it counts against the lessee's ownership entitlement (pursuant to Public Law 91-310). In that situation, write the land is leased from a public entity and include the name of that public entity after the legal description of the land parcel. Enter the following for each land parcel:
  - (a) Provide an accurate legal description of the land parcel or an assessor's parcel number. For each lessee, sublessee, or operator entered in item 7(c) [or for yourself if you check "self" in item 7(b)], there is space to list four land parcels (one parcel per line) if all parcels are operated by the same natural person or entity in the same district. You may list more than one parcel per line if all parcels have the same lease information.
  - (b) Who primarily operates the land parcel: you (self); a lessee or sublessee under a lease (lessee/sublessee); or an operator under any other type of farm operating arrangement (other).

- (c) Name, address, and telephone number of each lessee, sublessee, or other type of operator. Skip this column and go to item 7(f) if you are the primary operator of the land parcel.
  - (d) Starting date of the lease. This is the date the lease first became effective. Enter the date the lease was signed if no effective date was specified in the lease. Remember, leases cannot exceed 10 years except with our approval for perennial crops, which are determined on a crop-by-crop basis but cannot exceed 25 years.
  - (e) Ending date of the lease. This is the date on which the current lease will terminate, including all exercisable options.
  - (f) Number of acres in the land parcel. If you lease land from a public entity and then sublease it to another landholder, do not list those acres in this column because they are attributed to the sublessee.
8. Total column 7(f). This is the number of acres that you directly own. Include in this total any directly owned acres listed on continuation sheets or attachments.

### Land You Lease From Another Party

Landholders that lease land to or from other landholders should inform the lessees and lessors of their obligation to also submit RRA forms. If either the lessee or lessor fails to submit RRA forms, the eligibility of the land to receive Reclamation irrigation water will be jeopardized.

- 9. Enter your name again. (These forms are often photocopied, so it is necessary to have the landholder identified on each page.)
- 10. This section requests information regarding land that you directly lease from another party. Do not include land leased from a public entity here; instead, include it in item 7. Include information regarding any land that you sublease to others here. Enter the following for each land parcel:
  - (a) Provide an accurate legal description of the land parcel or an assessor's parcel number.
  - (b) Who primarily operates the land: you (self) or another party (other).

- (c) Natural person or entity that directly owns the land that you lease. Enter the sublessee's name as well as the landowner's name if you sublease the land to another landholder. If you sublease the land from another landholder, enter the sublessor's name and the landowner's name. Include the farm operator's name if the land is operated by a farm operator.
  - (d) Starting date of the lease. This is the date the lease first became effective. Enter the date the lease was signed if no effective date was specified in the lease. Remember, leases cannot exceed 10 years except with our approval for perennial crops, which are determined on a crop-by-crop basis but cannot exceed 25 years.
  - (e) Ending date of the lease. This is the date on which the current lease will terminate, including all exercisable options.
  - (f) Number of acres in the land parcel. Do not list acres that you sublease to others in this column because they are attributed to the sublessee.
11. Total column 10(f). This is the total number of acres you directly lease (and sublease). Include in this total any directly leased (and subleased) acres listed on continuation sheets or attachments.
12. Total item 8 and item 11. This is the total number of acres you own and lease.

### Basis for Eligibility for Discretionary Provision Entitlements

- 13. Check the box next to the one statement that best describes how you became subject to the discretionary provisions. Provide the requested information for that statement. Please contact your district office if you do not know which statement applies to you.

### Signatures

- 14. Read the attestation statements carefully and sign and date the form in ink. The statements concerning the reporting of changes in information, the rent paid on irrigation land, written leases, the terms of such leases, and holdings of your spouse, if married, are requirements of Federal reclamation law. Both you and your spouse, if married, must sign the form. This requirement applies even if the land is not jointly held. However, you may use a written signature authorization to permit one spouse to sign for the couple. The district office must keep any such spousal signature authorizations on file.
