

- 18. Removal of Dams and Hydroelectric Facilities.** The Introduction (Chapter 1) for these design data collection guidelines contains additional information concerning: preparing a design data collection request, design data collection requirements, and coordinating the design data collection and submittal.

(A design data collection section has not been prepared for these features. Until a section is prepared, the following reference should be used, *Guidelines for Retirement of Dams and Hydroelectric Facilities*, Task Committee on Guidelines for Retirement of Dams and Hydroelectric Facilities, American Society of Civil Engineers (1997)).
