

October 18, 2023 Public Meeting Comments

Comment 1 – Craig Ellsworth, Western Area Power Administration

00:43:16.000 - 00:44:14.000

So my name is Craig Ellsworth. That's Craig. Last name is Ellsworth. And I work for WAPA, Western area power administration. So the question I had or comment was, it was unclear to us why this SEIS, at least the small mouth bass control portion of this SEIS ended in 2026, and we're curious on what the plan for Small amount bass control after 2026 was and how that would be addressed.
