

# RECLAMATION

*Managing Water in the West*

## Joint Biological Assessment

**Bureau of Reclamation, Bureau of Indian Affairs, and  
Non-Federal Water Management and Maintenance  
Activities on the Middle Rio Grande, New Mexico**

**Middle Rio Grande Project, New Mexico  
San Juan-Chama Project, New Mexico  
Upper Colorado Region**

**U.S. Department of the Interior  
Bureau of Reclamation**

**August 2015**

## Mission Statements

The U.S. Department of the Interior protects America's natural resources and heritage, honors our cultures and tribal communities, and supplies the energy to power our future.

The mission of the Bureau of Reclamation is to manage, develop, and protect water and related resources in an environmentally and economically sound manner in the interest of the American public.

The Bureau of Indian Affairs' mission is to enhance the quality of life, to promote economic opportunity, and to carry out the responsibility to protect and improve the trust assets of American Indians, Indian tribes and Alaska Natives.

# **Joint Biological Assessment**

**Bureau of Reclamation, Bureau of Indian Affairs, and Non-Federal Water Management and Maintenance Activities  
on the Middle Rio Grande, New Mexico**

## **Literature Cited**
