

United States Department of the Interior

BUREAU OF RECLAMATION

Upper Colorado Region

Provo Area Office

302 East 1860 South

Provo, Utah 84606-7317

IN REPLY REFER TO:

PRO-770

ENV-6.00

FEB 08 2010

To Interested Persons, Organizations, and Agencies:

Subject: Final Environmental Assessment and Findings of No Significant Impact, Central Utah Project Completion Act Section 207 Funding and Contributed Funds Act Funding for Provo Reservoir Canal Enclosure and Increased Capacity

Enclosed for your information is the final Environmental Assessment (EA) and Findings of No Significant Impact (FONSI), prepared by the Bureau of Reclamation, Provo Area Office (Reclamation) in cooperation with the Department of the Interior, Central Utah Project Completion Act Office (Interior) and the Central Utah Water Conservancy District. The EA and FONSI fulfill the requirements of the National Environmental Policy Act (NEPA), as well as the Council on Environmental Quality and Department of the Interior regulations implementing NEPA.

The Reclamation and Interior FONSI are based on the EA and authorize the proposed use of funding to enclose and enlarge the Provo Reservoir Canal, a feature of the Provo River Project located in Utah County, Utah. A draft EA was circulated for public review and comment in February 2009, and the final EA and FONSI reflect revisions as appropriate based upon comments received.

The EA and FONSI can be accessed electronically at <http://www.usbr.gov/uc/envdocs/index.html>. If you have any questions, please contact Beverley Heffernan at 801-379-1161.

Sincerely,

Bruce C. Barrett
Area Manager
