Provo, UT 84606-7317

IN REPLY REFER TO:

PRO-774  
ENV-11.00

**JAN 02 2013**

## MEMORANDUM

To: Larry Walkoviak  
Regional Director

From: Curtis A. Pledger  
Area Manager

Subject: Narrows Project Final Environmental Impact Statement (FEIS) – Record of Decision (ROD) – Narrows Project, Sanpete County, Utah

Attached is the subject ROD for your signature.

The Narrows Project is a non-Federal dam, reservoir, and facilities proposed by the Sanpete Water Conservancy District on Gooseberry Creek in Sanpete County, Utah.

The Narrows Project FEIS filed with the Environmental Protection Agency was published in the Federal Register on November 16, 2012. The 30-day comment period ended December 17, 2012.

We considered 13 comment letters/e-mails since the FEIS was published. These comments were reviewed by the Provo Area Office, the Upper Colorado Regional Office, and Office of the Solicitors to determine if any significant new circumstances and/or information relevant to environmental concerns with bearing on the proposed action were raised. We have determined, based on supplemental analysis, that no substantive comments were received that would require additional analysis and a supplement to the FEIS is not necessary.

The attached ROD states the action that will be implemented and discusses all factors leading to that decision. It is our recommendation that you sign the ROD.
