REQUESTING THE NAVAJO NATION RESOURCES COMMITTEE, DIVISION OF NATURAL RESOURCES AND WATER RESOURCES MANAGEMENT OFFICE TO CONTINUE THE PRELIMINARY PLANNING OF THE PROPOSED NAVAJO WATER SUPPLY PROJECT

WHEREAS:

1. Twin Lakes Chapter is a duly certified Chapter of the Navajo Nation government with vested authority to make local ordinances and to approve plans and take positions on matters of local concerns that are in the best interest of the local chapter and the Navajo Nation; and

2. The Navajo Nation Water Resources Management Office is conducting requisite studies for the proposed water supply project; and

3. Twin Lakes Chapter is one of the community identified to be served by the proposed water supply project; and

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Twin Lakes Chapter hereby requests the Navajo Nation, Resources Committee, Division of Natural Resources Management Office to continue the Preliminary Planning of the proposed Navajo Water Supply Project with the following recommendations:

a. The Navajo Nation through the Resources Committee is designated as the lessee/sponsor of the proposed water supply project.

b. That the delivery of irrigation water be included for the Twin Lakes Community.

c. That additional allocation of water for future expansion be planned for Twin Lakes Community.

d. That planning and proposal be developed for the delivery of water for commercial development.

e. That the Navajo Nation retains ownership of all water rights proposed for delivery by the Project and that negotiation be initiated to enter into a water contract with the City of Gallup for a term of 5 to 10 years option of 10 yrs, renewal.
Gallup and McKinley County relating to land use matters.

g. That the City of Gallup and McKinley County provide a plan of operation on how they proposed to put to beneficial use of the water from the proposed Project.

h. That plans be develop for evaluation and implementation for no users charge system to Navajo communities similar to the system developed on the Sioux Reservation in the Mini Wiconi water project. As reported the federal government is providing grant funds for the construction of the pipeline and associated infrastructures; however, the Navajo Nation retains full water rights.

I. That the Twin Lakes Chapter will consider a follow-up resolution when these recommendations have been expedited by the appropriate office.

m. That the Twin Lakes Chapter will appoint 2 representatives for recommendations.

WE HEREBY certify that the foregoing Resolution was duly considered by the Twin Lakes Chapter at a duly called meeting at Twin Lakes, New Mexico, at which a quorum was present, and that the same was motioned by Tom Begay and seconded by Edward King and was adopted by 49 in favor and 0 opposed, this 17th day of July 1994.

RESOLUTION OF LAKE VALLEY CHAPTER

SUPPORTING CONTINUED PLANNING FOR THE NAVAJO/GALLUP WATER SUPPLY PROJECT

WHEREAS:

1. The U.S. Bureau of Reclamation is conducting studies for the Navajo Nation and the City of Gallup on the feasibility of a pipeline from the San Juan River to serve the current and future water needs of the eastern Navajo Nation, the City of Gallup and the Navajo communities in the Window Rock area; and

2. The Lake Valley Chapter is one of the communities to be served by the Navajo/Gallup Water Supply project; and

3. The Navajo Nation is designed to become the lead sponsor of the Navajo/Gallup Water Supply Project.

NOW BE IT THEREFORE THAT:

1. The Lake Valley Chapter of the Navajo Nation requests that the Navajo Public be fully involved in the planning of this important project.

2. The Lake Valley Chapter of the Navajo Nation supports the actions necessary to plan the Navajo/Gallup Water Supply Project.

CERTIFICATION

We certify that the foregoing resolution was duly considered by the Lake Valley Chapter at a duly called chapter meeting at Lake Valley, New Mexico, at which quorum was present and that the same was passed by a vote of 50 in favor and None opposed on the 21st day of February 1994.

RESOLUTION

SUPPORTING CONTINUED PLANNING FOR THE
NAVajo/GALLUP WATER SUPPLY PROJECT.

WHEREAS:

1. The Mexican Springs Chapter is a certified chapter of the Navajo Nation, empowered to consider all community concerns and matter; and

2. Water is necessary for the future growth of the Mexican Springs community; and

3. The Mexican Springs Chapter is designated to be served by the Navajo/Gallup Water Supply Project.

NOW THEREFORE BE IT RESOLVED THAT:

1. The Mexican Springs Chapter of the Navajo Nation supports continued planning for the Navajo/Gallup Water Supply Project.

2. The Navajo Public will be fully involved in the planning of the Navajo/Gallup Water Supply Project.

3. The Mexican Springs Chapter further requests to the Water Development Department to keep the community of Mexican Springs abreast on this said project.

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Mexican Springs Chapter at a duly called meeting at Mexican Springs, Navajo Nation, (New Mexico), at which a quorum was present and that same was passed by a motion made by MANUEL SHIRLESON and seconded by JULIUS BAHE, and a vote of 46 in favor, 0 opposed, and 0 abstained, this 9th day of JANUARY, 1994.

NATHANIEL TSOSIE, President

RICHARD BOWMAN, Vice President

ELEANOR BITSIE, Secretary/Treas.

CONCURRENCE:

NORMAN JOHN II, Council Delegate

nt:cs

NATHANIEL TSOSIE • RICHARD BOWMAN • ELEANOR BITSIE • NORMAN JOHN II • JOSEPH BITSIE, SR. GRAZING COMMITTEE
SUBJECT: REQUESTING THE NAVAJO NATION AND CITY OF GALLUP TO ALLOW TO CREATE GALLEGOS RESERVOIR WITHIN THE HUERFANO CHAPTER JURISDICTION AREA ON CONDITIONS THAT CERTAIN REQUESTS MADE OF NAPI AND RESOURCES COMMITTEE BE MADE OBLIGED IN ORDER TO ASSURE THAT AFFECTED NAVAJO CITIZENS BE COMPLETELY SATISFIED WITH THE OUTCOME OF THE NAVAJO-GALLUP WATERLINE PROJECT.

WHEREAS:

1. Huerfano Chapter is a locally recognized and certified government under the laws guidelines of the Navajo Nation and is given responsibility to seek various remedies and solutions to problems affecting its Navajo Citizens residing in the largest chapter land area of Eastern Navajo Agency; and,

2. Huerfano Chapter is actively aware that a waterline will be extended from an area of NAPI, which is in jurisdiction of Huerfano Chapter, where a reservoir will be built and this proposed waterline project will go into the city of Gallup and along the path of the project all chapters adjacent to the line will be given the process of obtaining domestic water including Huerfano Chapter area; and,

3. Huerfano Chapter is aware that when NAPI took over the farming area, many Navajo Citizen relocates were not given proper and adequate compensation for their removal where a few housing units were built at their new relocated areas, but presently the housing units were built in substandard approach are in state of shambles where seams are splitting up needing urgent repair; and,

4. Huerfano Chapter is aware that NAPI was properly asked to build more watering point on its outskirt of its farming area in order to provide water to the Navajo Citizens owning livestock, but the request was never issued a proper response indicating that local citizens are not the important segment of society; and,

5. Huerfano Chapter is aware that NAPI developed a registration of all Navajo Citizens using the NAPI water because it was stated that the water should be used for livestock only and in respectful response the chapter issued a resolution stating that the water should be used for many immediate needs, but again there was no feedback; and,

6. Huerfano Chapter is aware, through contact and communication, that NAPI has hauled some water to some windmill tanks during drought season charging for the export to the chapter account and at the same time NAPI used chemically infested watertrucks delivering pesticide-infested water to the citizens indicating that Navajo Citizens should be given any quality of water; and,

7. Huerfano Chapter is aware that during the peak of the farming season many Navajo Citizens and Mexican Immigrants come to NAPI to work where they infringed on the rights of homesite living and grazing areas by developing homesites with shades and tents thus causing some frictions; and,
7. Huerfano Chapter is aware that NAPI, since its establishment, has been involved with the use of dangerous chemicals for pesticide and fertilizer in controlling pests and enriching the soil for farming where there are reports that the water tables beneath the farming areas as well as adjacent lands are chemically infested unsuitable for human consumption and use and at the same time release of unused water back to the San Juan River travels through populated areas; and,

8. Huerfano Chapter is making awareness of existing problems in order that the new proposed reservoir and waterline project will not go through the same rut causing more additional problems for the chapter and its Navajo Citizens.

NOW, THEREFORE BE IT RESOLVED THAT:

1. Huerfano Chapter is requesting that certain amount of appropriation be directly earmarked for repair and new housing units for the past relocatees as well as the relocatee-to-bes coming out of proposed Gallegos Reservoir in adequate sum where there will not be negative feedback later in years; and,

2. Huerfano Chapter is requesting that all repair on the former housing units and the new housing units be done by qualified and certified housing contractors to assure the units will be longlast as the ones in urban areas; and,

3. Huerfano Chapter is diligently requesting that a large waterline be built and be extended to the eastern boundary of the chapter where all Navajo Citizens, including Blanco Canyon, Dzilthnaonline, Adobe, Bisti, Gallegos, Carson, Huerfano, and other communities within the chapter area, will be given domestic water and also water for their daily and for livestock; and,

4. Huerfano Chapter is requesting that during the drought season, NAPI should help the affected Navajo livestock owners with water hauling when their requests for such activity is made, not causing any negative feedback such as reimbursement; and,

5. Huerfano Chapter is requesting that proper clean water not chemically infested be made available to the Navajo Citizens in a manner that further health damages to citizens and animals not be wholly allowed; and,

6. Huerfano Chapter is requesting that NAPI established some living quarters within its farming area so all immigrant workers may have a descent place to live eliminating barging on the grazing area and living area of Huerfano Chapter citizens; and,

7. Huerfano Chapter is requesting the Navajo Nation, City of Gallup, and Bureau of Reclamation to act accordingly by establishing an escrow account which will be used to repair housing units for the past NAPI Relocatees; new relocatees; and to extend the further escrow funds to be used for certain unmet present needs.
causing therefore full obligation for the future; and,

7. Huerfano Chapter is requesting that further use of pesticide and fertilizers on NAPI farming areas be further eliminated and to start using nature-producing pesticides and fertilizers to assure that local citizens and livestock not to be infested with cancerous disease in the near future; and,

8. Huerfano Chapter of the Navajo Nation requests that the Navajo Citizens be fully involved in the planning of the project; and,

9. Huerfano Chapter of the Navajo Nation supports the actions necessary to plan and build the Navajo-Gallup Waterline Project.

CERTIFICATION

IT IS CERTIFIED THAT THE FOREGOING RESOLUTION WAS DUTY CONSIDERED BY ANDMOVED FOR ADOPTION BY PAULINE McCauley, SECONDED BY ETTA ARVISO, THOROUGHLY DISCUSSED AND ADOPTED BY A VOTE OF 36 IN FAVOR, AND 0 OPPOSING AT A DUTY CALLED MEETING AT HUERFANO CHAPTER, ON THIS 13TH DAY OF FEBRUARY, 1994.

COMMUNITY SERVICE PROJ.
EASTERN NAVAJO AGENCY
RESOLUTION
OF THE SHIPROCK CHAPTER

SUPPORTING RESOLUTION TO REQUEST THE NAVAJO NATION NAVAJO WATER RESOURCES MANAGEMENT TO CONDUCT PUBLIC HEARINGS IN ALL THE NAVAJO NATION CHAPTERS WHO UTILIZE THE SAN JUAN RIVER.

WHEREAS:

1. The Shiprock Chapter pursuant to the authority contained in Section 1, Subsection (C) of Tribal Council Resolution # W-20-55 which certified Shiprock Chapter as a recognized Chapter of the Navajo Nation and is authorized to conduct business of a local government; and

2. The purpose of the Navajo Nation Chapters is to provide a forum in which local needs may be addressed and concerns of the Navajo Nation as a whole may be explored and considered by each constituent part of the Navajo Nation; and

3. The Navajo Tribal Council enacted legislation (CD-86-57) implying that Navajo Reservation water be sufficient for development of an agricultural economy on "arid" lands within a reduced Indian reservation; and

4. The U.S. Congress has enacted special legislation authorizing the construction of the Navajo Indian Irrigation Project, providing always that Indians shall be supplied with water from the Navajo Indian Irrigation Project; and

5. The Navajo Water Resources Management Department will be holding public hearings at Crownpoint, Navajo Nation (NM) on March 25, 1994; and

6. The second Navajo Nation public hearing conducted by the Navajo Water Resources Management Department will be held at Twin Lakes, Navajo Nation (NM) on March 27, 1994.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Shiprock Chapter as a distinct, dependent, political community requests that the Navajo Water Resources Management Department conduct public hearings in Navajo Nation Chapter located near and that are utilizing the San Juan River.

2. The Shiprock Chapter respectfully requests the Navajo Nation appropriate the necessary funds to conduct a scheduled public hearing in the Shiprock Chapter House in order for the Navajo public to hear and examine the proposed Navajo-Gallup Water Supply Line in more detail.
CERTIFICATION

We, the undersigned, certify that the above resolution was present and thoroughly discussed at a duly called chapter meeting, at which a quorum was present, and the same was approved by a vote of 60 in favor; 00 opposed with 00 abstention on this 20th day of March, 1994.
