Re: Extension of Current Members of the Glen Canyon Dam Adaptive Management Work Group

The Glen Canyon Adaptive Management Work Group, a Federal Advisory Committee, provides advice and recommendations to the Secretary of the Interior relative to the operation of Glen Canyon Dam in accordance with applicable federal law. In order to allow the Work Group to conduct its regularly scheduled meeting on March 2-3, 2005, I request that you extend the term for all current members of the Committee through March 15, 2005. This extension will allow the Department to continue processing of membership renewals and appointments while allowing the work of the Committee to proceed. A list of current members is attached to this memorandum.
