

AMWG Program Priorities

Approved at the August 2004 AMWG Meeting

Priority 1: Why are the Humpback chub not thriving, and what can we do about it? How many Humpback chub are there and how are they doing?

Priority 2: Which cultural resources, including TCPs, are within the APE, which should we treat, and how do we best protect them? What are the status and trends of cultural resources and what are the agents of deterioration?

Priority 3: What is the best flow regime?

Priority 4: What is the impact of sediment loss and what should we do about it?

Priority 5: What will happen when we test or implement the TCD? How should it be operated? Are safeguards needed for management?
