

MRP/AWP Outline
From Feb 21-23, 2006 SPG meeting

Introduction and Purpose

Overall Direction of Science Program for FY 07-11

- **Major Issues and Priority AMWG goals**
- **Elements/thrust of Research and Monitoring Program for each AMP goal (including rationale):**
 - **Core Monitoring (water quality, HBC, Sediment)**
 - **Experimental Program (TCD design/planning, GCD operations)**
 - **Management actions**
 - **Experimental actions (treatments)**
 - **R&D (food base, cultural resource monitoring)**
- **Program Management (GCMRC staffing, science advisors, science planning, reporting)**
- **Other (Data Management, Modeling, Decision Support)**
- **Expected outcomes/accomplishments (performance measures)**
- **General Budget**

FY 07-08 Project Description Outlines:

1. **AMWG Goal(s)**
2. **Project Category: Core Monitoring, Experimental Research, Program Management, R&D, Other**
3. **Project Title**
4. **Start/end date**
5. **Geographic scope**
6. **Principal Investigator (if known)—in-house or out-house**
7. **Project goal/tasks (w/ schedule by task)**
8. **Need for project (w/ references)**
9. **Science questions**
10. **Link/relationship to other projects**
11. **Information needs addressed (CMIN, EMIN, etc)**
12. **General methods**
13. **Products/reports**
14. **Cost by FY**
