

Glen Canyon Dam Adaptive Management Work Group Meeting
February 9-10, 2011

List of Attachments

AIF = Agenda Information Form

No.	Document	Presenter / Author
1	Action Item Tracking Report	
2	GCMRC Group Chief Replacement PPT	Kate Kitchell
3	AIF : Charter Ad Hoc Group Report <i>and</i> PPT	Ann Gold
4	AIF : Grand Canyon Monitoring and Research Center (GCMRC) Updates	
4a	Effects of Three High-Flow Experiments on the Colorado River Ecosystem Downstream from Glen Canyon Dam, Arizona, Circular 1366	Ted Melis
4b	Fact Sheet 2011-3012: Three Experimental High-Flow Releases from Glen Canyon Dam, Arizona—Effects on the Downstream Colorado River Ecosystem	
4c	Fact Sheet 2011-3002: The Effects of Glen Canyon Dam Operations on Early Life Stages of Rainbow Trout in the Colorado River	
4d	The High Flow Experimental Results, 1996, 2004 & 2008 PPT	
4e	FY2011 Workplan PPT	John Hamill
4f	Update on 2010 and 2011 Sand Input <i>and</i> Sand Mass Balance PPT	Paul Grams
5	AIF : Upper Basin Hydrology and Projected Operations 2011 <i>and</i> PPT	Heather Patno
6a	AIF : High-Flow Experiment Protocol Environmental Assessment <i>and</i> PPT	Dennis Kubly
6b	General Monitoring and Research Plan for High Flow Experimental Protocol	John Hamill
7a	AIF : Technical Work Group Chair Report	Shane Capron
7b	TWG Chair PPTs for: <ul style="list-style-type: none"> • Annual Reporting Meeting • Fall Steady Experimental Flow Plan • General Core Monitoring Plan • Schedule for the Year • Socioeconomics Update 	
8	AIF : Public Outreach Ad Hoc Group Report <i>and</i> PPT	Mike Yeatts
9	AIF : WY 2012 Hydrograph Development <i>and</i> TWG Chair Report PPT	Shane Capron
10	Low Summer Steady Flows Report Status and Preliminary Conclusions PPT	Barbara Ralston
11	AIF : Post-ROD Economic Analysis, Fact Sheet: Power Economic Analysis of Operational Restrictions at Glen Canyon Dam <i>and</i> Ex post Economic Analysis of the Electrical Power System Impacts of Environmental Restrictions at Glen Canyon Dam Following the 1996 Record of Decision PPT	LaVerne Kyriss
12	AIF : Desired Future Conditions	Larry Walkoviak
13	AIF : Long-Term Experimental and Management Plan EIS <i>and</i> PPT	Glen Knowles
14	AIF : Tribal Liaison Report <i>and</i> PPT	John Halliday
15	AIF : Non-Native Fish Control Environmental Assessment <i>and</i> PPT	Glen Knowles
16	AIF : GCMRC Updates - Informational Items <i>for</i> <ul style="list-style-type: none"> • Ecosystem Modeling Workshop (October 2010) • Workshops and Activities Update for the Year • PEP – Integrated Quality of Water, Lake Powell & Food web research projects • Cultural Resources Monitoring R&D Review Workshop • Economics 101 Training • Tribal Integration Workshop • Sociocultural Program Update 	GCMRC Staff
	AIF : Programmatic Agreement Status Report	Glen Knowles
	AIF : Lees Ferry Trout Fishery Ad Hoc Group Update	Sam Spiller
	AIF : Development of a Lower Colorado River Fishes Recovery Implementation Prog.	Sam Spiller
17	AIF : Mediator/Facilitator Role	Mary Orton
18	E-M from Anne Castle to the AMWG sent April 5, 2011, Subject: Message from Anne Castle on GCMRC Science Planning Process and two attachments: 1) 2011-03-31 GCMRC priorities MKS, and 2) Streamlined GCMRC –AMP Workplan Process Summary ver. 4-3-11	Anne Castle

No.	Document	Presenter / Author
19	Memo from AS-WS Anne Castle to Secretary of the Interior dated May 16, 2011, Subject: Report and Recommendations from the Glen Canyon Dam Adaptive Management Federal Advisory Committee	Anne Castle
