

2003 Budget Comments

Flip Chart 1

need line item under PA section for treatment of adverse effects

MOTION: The cultural budget should be reviewed by the PA Signatories as a group to provide recommendation to Reclamation and TWG. Motion passed.

MOTION: Establish a cultural ad hoc group. Motion passed.

Flip Chart 2

May need to expedite KAS taxonomy work (< 4 years)

May need to go outside CRE to resolve taxonomy

Is large \$ in terrestrial mapping warranted?

Overlap between vegetation and holocene mapping projects?

Objection to mapping holocene terraces for their own sake - this project is contingent on other previous year activities and may not be required

Flip Chart 3

May be more cost effective to combine trout and native fish sampling above Paria

Is all non-native sampling in mainstem?

Asterisked items in KAS ad hoc report should be a priority.

Concern over assumption of effects on cultural/biological resources by recreationists (also include research activities)

also sediment impact (“)
