MEMORANDUM

**To:** Technical Work Group (TWG)  
**From:** Barry D. Gold, Chief  
**Subject:** DRAFT FY 2004 Annual Science Plan

I am pleased to transmit for your review the Draft GCMRC FY 2004 Annual Science Plan. This plan will be presented and discussed on May 17<sup>th</sup> at the upcoming TWG meeting. **Please review the plan before the meeting and come prepared with questions and/or comments.** Following the meeting GCMRC will revise the plan for mailing to the AMWG in June in advance of the July AMWG meeting.

Please remember that we have accelerated the schedule for preparing this work plan to provide better input into the Department of the Interior's budget process. Therefore we are proposing projects for FY 2004 before we have received FY 2002 results or begun implementation of FY 2003 activities. Thus there will be uncertainty around the specific details of some of the proposed activities. However, as in the past, GCMRC will continue to work with the TWG and AMWG to respond to new information and make any needed revisions to a proposed activity prior to implementation.

We look forward to receiving your comments.
