

Administrative History Ad-Hoc Group
(AHAHG)

April 21, 2015

Budget Item

A.5. Public Outreach

This budget covers the expenses for BOR staff and the Public Outreach Ad Hoc Group (POAHG) to develop materials for the GCDAMP public outreach efforts.

BOR public affairs staff and the POAHG will work jointly in developing materials to inform and educate the public on the goals and administration of the GCDAMP. They will keep other GCDAMP members advised of progress and expenditures.

Products will include fact sheets, Web site information, tribal outreach materials, video B-roll, special events, conference participation, and other pertinent means of advising the public and program members on the achievements of the GCDAMP. The POAHG will maintain accurate records of payments made against the contracts and will keep BOR staff informed of discrepancies or concerns.

Since 2010, this line item has accumulated approximately \$100,000 in carryover funding as a result of reduced activity. Part of the proposal for the FY15–17 triennial budget is to use \$50,000 of these funds each in FY15 and FY16 to implement the Glen Canyon Dam **Administrative History** Pilot Project. This project would help accomplish the goals of the Public Outreach Ad Hoc Group by providing a better understanding of the history of the GCDAMP, its work, and participants. The pilot project will undertake the following:

- Begin developing oral histories and interviews with AMP historical figures
- Create an annotated bibliography for program related literature
- Create a website and library database for information archival and retrieval
- Create a chronological program overview including participants
- Develop a new participant's handbook for the AMP.

Budget	FY15 = \$63,054	FY16 = \$64,945	FY17 = \$66,893
Admin. History (carryover)			
	FY15 = \$50,000	FY16 = \$50,000	FY17 = \$0

*First budget item associated with the AHAHG

Administrative History Pilot Project

- Begin developing oral histories and interviews with AMP historical figures
- Create an annotated bibliography for program related literature
- Create a website and library database for information archival and retrieval
- Create a chronological program overview including participants
- Develop a new participant's handbook for the AMP.

Glen Canyon Dam Adaptive Management Program Year-In-Review 2014

Turn in your Pictures!

- Notable Events
- Accomplishments
- Other

- Drought
- Retirements
- Newbies
- AMP functions
- 50 Year Power
- Public outreach
- Records
- ETC...

2014 is coming to an end

The AHAHG & POAHG plan to summarize GCDAMP's 2014 achievements, accomplishments, and notable events into a short video-clip filled with pictures and highlights all put to fun music. Please let us know if you have anything you would like us to add

The 2014 Year-In-Review will be played at the February AMWG meeting

Thanks for participating in GCDAMP history

2014

Glen Canyon Dam Year in Review

- ✓ Effective and unique way to provide history (time-line)
- ✓ February AMWG
- ✓ Pictures of the stakeholders
- ✓ See how much happens in one year
