

Annual Reporting Meeting Discussion

April 23, 2018

Purpose

- TWG to “review progress on funded monitoring and research projects for the previous year”¹
 - Emphasis on “results/findings/scientific advances”¹
- TWG to use the Annual Reporting Meeting “to give direction to the BAHG in the development or review of annual budget recommendations”¹

¹ GCDAMP Triennial Budget and Work Plan Process, October 19, 2016

Questions to Spark Dialogue

- Which results/findings/scientific advances stood out as impactful?
- Were there major omissions or projects lacking suitable progress?
- Which monitoring and research activities are most promising for future attention?
- What direction would you give the BAHG?
