

# SBAHG Update

---

12/11/2025

# 2025 SBAHG Survey

---

- Purpose: Meet guidance from Attachment G: Implementation Considerations (pg. G-1, #5):
  - *Convene annually to discuss and evaluate current actions and consider updates to the Plan*
- Address requests and comments from TWG members
- Gather thoughts for future meetings (SBAHG, TWG, Workshop)

# 2025 SBAHG Survey

---

- Distributed in mid-September
- Seven member participants
- 9 total questions/prompts

# Brief Summary

---

- Consistent updates requested
- Long-term strategies beyond LTEMP SEIS
- Discussion of SMB models & recent publications (Pine et al. 2025 and Eppehimer 2025)
- Assessment of recent actions: cool mix, slough modification, rapid response
- Long-term risk assessment of SMB establishment
- Facilitated workshop for discussions

# Next Steps

---

- Survey results do not require immediate SBAHG attention or revisiting the Strategic Plan at this time
- Provide survey results to improve upcoming meetings
- Next potential meeting post- ARM

---

—
