

RECLAMATION

Managing Water in the West

Colorado River Basinwide and Basin States Salinity Control Programs

In anticipation of the Funding Opportunity Announcement (FOA), that will be released in early August, the Bureau of Reclamation (Reclamation) will be holding pre-FOA workshop sessions to inform the public about the Colorado River Basin Salinity Control Program, Reclamation's Basinwide and Basin States Salinity Control Programs, and the up-coming FOA.

The pre-FOA workshop sessions will be held **May 21, 22, 23, and 24**, respectively, in **Price, Utah; Montrose, Colorado; Lyman, Wyoming; and Roosevelt, Utah**. At each location there will be sessions beginning at 1:00 pm and 6:00 pm.

May 21 - 1:00 pm & 6:00 pm
Price City Hall, Room 207
185 East Main Street
Price, Utah

May 22 - 1:00 pm & 6:00 pm
Holiday Inn Express
1391 S. Townsend Ave
Montrose, Colorado

May 23 - 1:00 pm & 6:00 pm
Lyman City Hall
Courtroom
100 East Sage
Lyman, Wyoming

May 24 - 1:00 pm & 6:00 pm
USU Uintah Basin Branch Campus
Multi Purpose Room
985 East Lagoon Street
Roosevelt, Utah

All irrigation-related applications must obtain salt load reduction estimates from Reclamation prior to submission of an application in the FOA. To obtain a salt load reduction estimate, a completed Salt Load Reduction Worksheet will need to be submitted to Reclamation. A copy of the Worksheet can be downloaded from Reclamation's Salinity website shown below.

Reclamation salinity staff will be on hand at the workshop sessions to answer questions about the FOA process, the Salt Load Reduction Worksheet, application evaluation and scoring criteria, salinity areas, salt loading, etc. Reclamation will also take recommendations on how to improve the FOA process.

If you have any questions during this process, please contact the appropriate local Technical Contact listed on the reverse page.

To review the most up-to-date information visit Reclamation's Salinity website <http://www.usbr.gov/uc/progact/salinity/>
