**Subject:** RE: Draft Agenda for July AMWG Meeting

I have been asked to develop a discussion paper on which information needs should be considered part of the AMP and which are outside the AMP with the help of an ad hoc committee. Towards that end, I am developing a draft paper that I hope may be appropriate for discussion at the July AMWG meeting. I was wondering if we could add some time for discussion of this under the information needs update on the proposed agenda? Thanks for considering this addition. Randy S.

Linda,

I think that the chair of the Native Fish Working Group (Bill Persons) should present the non-native fish control agenda item (3:30 pm on the 17th), not Joe Alston. Bill has been compiling a report on non-native fish control efforts in the Grand Canyon, which includes AZ Game and Fish, GCMRC, and Grand Canyon NP.

**Subject:** Possible Power Emergencies at GC

I was called by Kathy Crane of Western this morning. Kathy alerted me that there could be power emergencies in Arizona because of the wildfires there. There are 500 KV and 345 KV transmission lines in the area of the fire which could be affected. Glen Canyon could be called upon to supply power should there be problems with the transmission system.

I'll be alerting the NPS and the some of the river guides as to the possibility of an emergency.

Tom

**Subject:** Revised AMWG Agenda

The agenda for the Glen Canyon Dam Adaptive Management Work Group Meeting to be held on July 17-18, 2002, in Phoenix, Arizona has been revised and is attached. Copies will also be provided at the meeting.

Amy Heuslein wanted me to inform you that the Property Management Office (where BIA leases office space and where the AMWG meeting is being held) wants to implement tighter security. As with the AMWG meeting held in January, all members, alternates, and interested persons will be asked to sign in on a separate log sheet upon entering the building. Reclamation will be bringing one additional staff person to assist with that process. The occupancy of the meeting rooms (Conference rooms A&B on the 12th floor) will be strictly held to 75 persons to conform with fire and safety standards.

If you have any questions, please contact me.

See you there!
