E-MAIL #1:  
Date: March 18, 2002  
To: Technical Work Group  
From: Barry D. Gold, Chief, GCMRC

Attached are materials for our conference call this Wednesday, March 20th, regarding experimental Flows Recommendations.

Please accept our apologies for the size of some of the files (we will try to compress them in the future). However, for now the documents will be sent to you in three different e-mails.

Please review this information prior to the conference call.

(If you have not yet reserved a phone line for the conference call, please contact Linda Whetton ASAP).

(See attached file: Doc1- Prelim Exper Flow Recs 3-18-02.doc)(See attached file: Attach1- Implementation Plan.doc)(See attached file: Attach2-Frequently Asked Q and A's 3-15-02.doc)(See attached file: Attach3- WAPA Alternative Flow 3-14-02.doc)

E-mail #1 contains the following Attachments:  
Document 1: Preliminary Experimental Flow Recommendations (this is the main body of the document)  
Attachment 1: Implementation Plan  
Attachment 2: Frequently Asked Questions & Answers  
Attachment 3: WAPA Alternative Flow

E-mail #2 Attachment: Document 2 - Table 1, Figures 1-9  
E-mail #3 Attachment: Document 3 - Figures 10-12

After printed, please arrange the documents in this order:

Document 1  
Document 2  
Document 3  
Attachment 1  
Attachment 2  
Attachment 3
