2009:6-22-23(2)	<p>6/22/09: Greater effort will be made to distribute meeting materials to the TWG within the 10-day deadline and no action will be taken on agenda items if the materials aren't delivered on time.</p> <p>9/29/09: This is a continuing issue.</p> <p>1/21/10: This is a continuing issue.</p> <p>3/15/10: This is a continuing issue.</p> <p>6/29/10: This is a continuing issue.</p> <p>11/15/10: Shane said he felt there was a good effort in identifying the agenda items earlier, but more attention needs to be made in getting documents posted earlier as well.</p> <p>1/20/11: This is a continuing issue.</p> <p>3/8/11: This is a continuing issue.</p> <p>6/28/11: This is a continuing issue.</p>	Reclamation & USGS		Open
2010:03-15-16(4)	<p>3/15/10: Kurt wants an update from the Washington Office on continued tribal consultation plan.</p> <p>6/29/10: Kurt said he would like to discuss his concerns under "New Business" today.</p> <p>11/15/10: Kurt expressed his concerns (see minutes). Glen will follow up and report back to the TWG.</p> <p>1/20/11: Glen said the Plan is still in review within DOI. There is a competing effort by Pres. Obama to have agencies develop agency-wide tribal consultation plans. The DOI is sorting out where this fits with the AMP plan.</p> <p>3/8/11: Glen said this action item refers to the AMP's Tribal Consultation Plan and one developed by DOI. DOI is seeking resolution of whether or not the AMP's plan fits within the DOI tribal consultation plan. On Jan. 14, 2011, the DOI plan was sent to the tribes for a 60-day review.</p> <p>6/28/11: The DOI Tribal Consultation Plan is out for public review. Once that plan has been completed, the AMP Tribal Consultation Plan will be modified to be in conformance with it.</p>	Dennis Kuby Glen Knowles	Oct. 2010	Open
2010:06-29-30(5)	<p>6/29/10: Reclamation (Dennis/Glen) will check with the Denver Office staff on the possibility of them preparing an administrative history on the Glen Canyon Dam Adaptive Management Program and what the associated staff costs might be. They will report back to the TWG at the next meeting.</p> <p>11/15/10: Glen said the AMWG passed a motion at their last meeting tasking the POAHG to develop an RFP for an annotated administrative history of the AMP and that TWG make a recommendation on the subject to AMWG by the summer 2011 AMWG meeting. Mike Yeatts said he didn't feel there would be any action before January. He said if any TWG members want to assist the POAHG, they should contact him.</p> <p>1/20/11: Mike Yeatts said he and Larry Stevens laid</p>	Glen Knowles Mike Yeatts	Sept./Oct. 2011	Open

	<p>out a framework for proceeding with development of a white paper on information needed and creating a link between that, current sources, and new information. A POAHG meeting is scheduled for Feb. 2011.</p> <p>3/8/11: Mike said the POAHG met on 2/9/11 and intends to develop a broad outline of the GCDAMP history that will be the basis for development of a white paper. Once the POAHG reviews that paper, it will be presented to the TWG for further review.</p> <p>6/28/11: The POAHG continues to work on developing a prospectus. Shane will work with Mike on establishing a timeline for the TWG to review it and develop a recommendation for the AMWG's consideration.</p>			
2011:03-08-9(2)	<p>3/8/11: Shane will follow up with Ms. Castle on the base case and change case policy issues.</p> <p>6/28/11: Shane said there would be a larger discussion at tomorrow's meeting which was captured in the meeting minutes.</p>	Shane Capron	ASAP	
2011:03-08-9(3)	<p>3/8/11: Larry Stevens will provide a draft of the Goal 3 Ad Hoc Committee's white paper on extirpated species along with comments to the TWG before its next meeting.</p> <p>6/29/11: Presentation made to the TWG today and the following motion was passed by consensus: TWG recommends that AMWG consider the report of the Species of Concern Ad Hoc Committee entitled, "Assessment of Taxa of Management Concern in the Colorado River Ecosystem, Glen and Grand Canyons, Arizona, USA: Habitat Needs, Availability, and Ecosystem Roles" dated 15 June 2011, which meets the criteria set forth in the AMWG motion of April 2009, calling for "a review of information about an assessment of the status of habitat needs and availability, and ecosystem roles" of native species of management concern.</p>	Larry Stevens	June 28, 2011	Closed
2011:03-08-9(4)	<p>3/8/11: The CMAHG will rewrite Appendix B (integrating Science Advisor comments and include criteria) and bring a revised version back to the TWG at its June meeting.</p> <p>6/28/11: Shane said draft criteria was developed and a review of Appendix B needs to be done before approval of the plan. He has been waiting for the new GCMRC chief to come on board so the TWG and GCMRC can work together. He believes the plan will be ready for final review in September.</p>	Shane Capron CMAHG	June 28, Oct 2011
