### Scoping/Decision Process

The existing four park stewardship initiatives summarized above yielded very extensive and detailed baselines which will be corroborated, clarified, or refined as necessary in the consolidation effort. Moreover, incisive public comment and agency consultations provided a valuable foundation for preparing those documents. As noted above, all comments received during past scoping activities or formal response periods are safeguarded in detailed administrative records, and will be duly re-considered in developing the consolidated SEIS/YVP. Consequently at this time it is necessary to submit only new issues or concerns not voiced previously. Also, all past respondents are being incorporated into a single mailing list—information about this comprehensive conservation planning and impact analysis process will be timely distributed via newsletters, mailings, and regional and local news media. To request being added now to the inclusive mailing list, or to obtain details about information options, please contact park staff via telephone at (209) 372-0261. Interested individuals, organizations, and agencies wishing to provide written comments on new issues or concerns should respond to: Superintendent, Attn: SEIS/YVP, P.O. Box 577, Yosemite National Park, CA 95389. Any new comments must be postmarked not later than January 15, 1999.

Notice of an approved Record of Decision would be published in the **Federal Register** not sooner than thirty (30) days after the Final SEIS/YVP is distributed. This is expected to occur by the end of 1999. The official responsible
