

SOCIO-CULTURAL RESOURCES (Randy Peterson)

*TWG
2/23-24/99
Attachment 4*

Isolated Occurrences

- NPS survey unreliable?
Useful project, but unsure of how I.O. relates to cultural landscape
- need additional survey?
- process for categorizing I.O.'s

Protocol Assessment

- should include BR P.A. program
- question on source of funding
- BR should consult w/P.A. signatories

Unanticipated Requests

- no carryover \$

Monitor Anglers

- need to examine protocols
- include economics to survey
- work to address IN's should follow prioritization

Campsite Monitoring

- link w/physical monitoring

Adopt-A-Beach

- how will qualitative information be used?
- move toward quantitative
- should include Glen Canyon reach

TRIBAL MONITORING

- concern over addressing MO/In's
rephrase project justifications to match In's
- confidentiality of unsolicited proposals questioned—more open process
- need more information on contracting limitations
- process and roles of TWG/GCMRC
re: unsolicited proposals

Tribal Technical Development

- questioned appropriateness under GCPA (external funding?)

Geomorphic Processes

- timing of previous work could be a problem
- not enough funds—should address unresolved questions
