

SMP Work Group Meeting Minutes

May 12, 2011

The focus of this meeting was on the refinement of the Long-Term Selenium Reduction Action Plan (a.k.a. Appendix B or Selenium Action Plan of the SMP Program Formulation Document).

Additional agenda items proposed for future meetings are:

Fish and Wildlife Service (Barb Osmundson): 1) Got data back for the fish tissue samples which she can talk about at a future meeting, and 2) Barb also has a draft of the Selenium Prediction Report done and she would like to talk at a future meeting.

SMP Program Formulation Document

The U.S. Bureau of Reclamation would like comments back on the SMP Program Formulation Document by next Friday May 20th.

SMP Long-Term Selenium Reduction Action Plan

The U.S. Bureau of Reclamation would like comments back on the Selenium Action Plan by May 23rd.

Meeting Adjourned 3:45
