

RECLAMATION

Managing Water in the West

Scoping Summary Report Now Available

The Bureau of Reclamation and the Washington State Department of Ecology have completed the Scoping Summary Report for the Yakima River Basin Water Storage Feasibility Study Planning Report and Environmental Impact Statement. The document is now available at http://www.usbr.gov/pn/programs/storage_study/index.html.

You can receive email updates about the Storage Study by joining the Department of Ecology's list server at <http://listserv.wa.gov/archives/yakima-storage-study.html>.

To receive a paper copy of the Scoping Summary Report, please contact:
